9 June 2015

Dear Andrew

Update on work to resolve issues in the market for new connections to electricity distribution networks and informal licence consultation

Thank you for the opportunity to comment on the draft Competition in Connections Code of Practice licence condition included with your letter of 12 May. This letter should be treated as a collective response on behalf of UK Power Networks' three licensed distribution companies: Eastern Power Networks plc, London Power Networks plc, and South Eastern Power Networks plc.

In the appendix to our letter we have proposed modifications to the draft licence condition to help align the text with the Competition in Connections Code of Practice. In order to address the issues we have identified, our proposed modifications are shown as both track changes and comment boxes.

Finally, we would like to confirm that Paul Measday and Neil Magrath will represent UK Power Networks at the licence drafting meeting on 12 June, where they will talk you through the proposed changes.

I hope that you will find our comments helpful. If you have any questions, please do not hesitate to contact me.

Yours sincerely

Keith Hutton
Head of Regulation
UK Power Networks
