Dear colleague

### **Invitation to code governance review workshop on 22 July 2015**

We recently published an open letter consultation initiating a further Ofgem-led review of industry code governance<sup>1</sup>. The gas and electricity industry in Great Britain is facing significant change in the coming years. We set out in our open letter that we consider it is timely to review the code governance reforms we have already implemented<sup>2</sup> and potentially to introduce further reform to the arrangements.

Our consultation has now closed. We are considering responses<sup>3</sup> and currently expect to issue a further consultation in late summer.

To inform our thinking and provide a further opportunity to seek your views on the issues discussed in our code governance consultation, we are holding an industry workshop on **Wednesday, 22 July 2015**, from 10.30am at 9 Millbank, London, SW1P 3GE.

If you would like to attend, please email [industrycodes@ofgem.gov.uk](mailto:industrycodes@ofgem.gov.uk), by 3 July 2015. We will try to accommodate all requests for attendance, however depending on the level of interest we may need to restrict attendance to one representative per company.

We will issue an agenda for the workshop to attendees ahead of 22 July, and publish this on our website.

If you would like any more information, please email [raymond.elliott@ofgem.gov.uk](mailto:raymond.elliott@ofgem.gov.uk).

Yours sincerely

**Lesley Nugent**  
**Head of Industry Codes and Licensing**
