To act as my agent in respect of the generating stations listed overleaf
(station names must appear as they do on the Renewables and CHP Register).

Under the below schemes (delete section A or B as appropriate to reflect the schemes applied for):

A. The Climate Change Levy Exemption for Renewables scheme where the above named agent will, through their Ofgem Register account:

- Administer the accreditation of my generating station under the CCL exemption for renewables scheme, acting as my sole contact with Ofgem for this function.
- Submit monthly output data, acting as my sole contact with Ofgem for this function.
- Sign all relevant annual declarations as required to maintain accreditation for my generating station, acting as my sole contact with Ofgem for this function.
- Receive Renewables LECs on my behalf, and for my benefit, in respect of the renewable output data submitted from my generating station.
- Ensure compliance with the requirements of Regulation 49(4)¹ of the Climate Change Levy (General) Regulations (2001),.
- Submit to Ofgem any request, notification, statement or provision of information requested under the Regulations.

¹ Regulation 49(4) requires the generator, or in this case the Agent, to retain records detailing the generation process, the electricity supplied, the relevant levy exemption certificates and any other relevant information for a period of 6 years.
