

NOTICE UNDER SECTION 11A(2) OF THE ELECTRICITY ACT 1989

The Gas and Electricity Markets Authority ("the Authority") hereby gives notice pursuant to section 11A(2) of the Electricity Act 1989 ("the Act") as follows:

1. The Authority proposes to modify Special Condition AA – Liquidity in the Wholesale Electricity Market, Schedule B of the generation licences held by the relevant licensees specified in Appendix 2 to this Notice. The full text of the proposed modification is set out in Appendix 1.
2. The modification relates to the obligation under Schedule B, namely to post bids and offers for each of the mandated products during the two trading windows on every business day.
3. The effect of this modification is that relevant licensees will not have to comply with the obligations in Schedule B on the afternoons of the preceding business day to 25 December and 1 January.
4. In summary, the reason why the Authority proposes to make this licence modification is to ensure clarity in the requirements to post bids and offers in the two afternoon windows of the preceding business day to the 25 December and 1 January. Further information is set out in the accompanying letter to this notice and in our letter of 5 December 2014.¹
5. A copy of the proposed modification and other documents referred to in this Notice have been published alongside this Notice and are available on the Ofgem website (www.ofgem.gov.uk).
6. Any representations on the proposed licence modification may be made on or before 26 August 2015 to Yasmin Valji, Office of Gas and Electricity Markets, 9 Millbank, London, SW1P 3GE or by email to wholesalemarketoperation@ofgem.gov.uk.
7. All responses will normally be published on Ofgem's website. However, if respondents do not wish their responses to be made public then they should clearly mark their responses as not for publication. Ofgem prefers to receive responses in electronic form so they can be placed easily on the Ofgem website.
8. If the Authority decides to make the proposed modification it will take effect not less than 56 days after the decision is published.

1. The requirements in this Schedule apply with a view to the achievement of the relevant objective in paragraph AA.5(b) of this condition.

Posting prices

2. Subject to paragraphs 7 and 10, the licensee shall simultaneously offer to buy and sell each of the Products, by posting on a qualifying platform in accordance with paragraph 5, at times which comply with the requirements of paragraph 6, bid and offer prices which comply with the applicable requirements of paragraph 8, for volumes of such Product which comply with the requirements of paragraph 9.
3. The licensee's bids and offers for a Product at any particular time must be posted on the same qualifying platform; but the licensee may post bids and offers for different Products, or (subject to paragraph 6) for the same Product at different times, on different qualifying platforms.

Nominee to discharge requirements

4. (a) Subject to paragraph 4(b), the licensee may nominate a Nominee in relation to any period (comprising a whole number of months) and any Product(s), in which case the licensee shall be treated as satisfying such requirements if the requirements are satisfied by the Nominee but not otherwise.

(b) The licensee may not nominate a person as Nominee in relation to a month if that person is also nominated as Nominee in relation to that month:
 - (i) by two or more other Relevant Licensees, who are not affiliates of each other or the licensee or
 - (ii) if the Nominee is itself a Relevant Licensee or an affiliate of a Relevant Licensee, by one or more other Relevant Licensees who are not affiliates of the Nominee or the licensee.

Qualifying platforms

5. In relation to the licensee, a qualifying platform is a trading platform in relation to which the following conditions are satisfied at all relevant times:
 - (a) one or more of the Products may be bought and sold on the platform;
 - (b) the platform must be operationally independent from the licensee;
 - (c) the licensee (or its Nominee if nominated) must at all times have arrangements in place to trade the relevant Product(s) on the platform with at least 5 other persons who are not affiliates of the licensee (nor of the Nominee, if nominated);
 - (d) the licensee must have a reasonable expectation that the relevant Product(s) will be traded on the platform; and
 - (e) the operator of the platform must provide trading data relating to the licensee (or Nominee) to the Authority when requested for the purpose of monitoring the licensee's compliance with this Schedule B.

Availability of prices

6. (a) Bids and offers for each Product must be posted on a qualifying platform at all times (subject to paragraph (b)) in the periods of 60 minutes (each a "trading window") starting respectively at 10.30 hours and 15.30 hours every Business Day, with the exception of the trading window which starts at 15.30 hours of the preceding business day to 25 December and 1 January.
- (b) Where a bid or offer posted by the licensee for a particular Product is accepted, the licensee must post a new bid and offer for the Product within five minutes after the acceptance of the first bid or offer.

Suspension of obligation

7. (a) If, at any time in a trading window, a Product has been traded (on any qualifying platform) at a price which is more than 1.04 or less than 0.96 times the price at which the Product was first so traded within that trading window, the licensee may decide to cease posting bids and offers for that Product (as required by this Schedule B) for the remainder of that trading window. Such trades may have been made by the same or different persons and on the same or different qualifying platforms.
- (b) Where the licensee decides to cease posting bids and offers for a Product (as required by this Schedule B) in a trading window under paragraph 7(a), it must:
- (i) record such decision at the time it is taken, together with details of the trades referred to in that paragraph; and
 - (ii) report the time and date at which it ceased to post bids and offers for such Product (as required by this Schedule B) in its quarterly report to the Authority.
- (c) The licensee's duty to post bids and offers for the relevant Product (as required by this Schedule B) resumes at the next trading window.

Limits on difference between bid and offer prices

8. The difference between the bid and offer prices at any time for each Product, expressed as a percentage of the bid price, may not exceed

 - (ii) where the volume for which an offer to buy or sell is accepted exceeds the maximum required volume under paragraph 9, the volume in excess of such maximum will not be counted towards the total traded bid volume or traded offer volume.

European Financial Regulation

11. Where the licensee considers that any amendment or replacement of MiFID or EMIR may materially and adversely affect the ability of the licensee to comply with this Schedule B, the licensee may submit to the Authority a request (which for the avoidance of doubt shall not bind the Authority) to undertake a review of the provisions of Schedule B.
