GAS PLC**

Whereas –

1. National Grid Gas Plc (the Licence Holder) is the holder of a gas transporter licence (the Licence) granted or treated as granted under section 7 of the Gas Act 1986 (the Act).
2. In accordance with section 23(2) of the Act the Gas and Electricity Markets Authority (the Authority) gave notice on 26 June 2015 (the Notice) that it proposed to modify Part F of Special Condition 5G (Determination of Incremental Obligated Exit Capacity volumes and the appropriate revenue drivers to apply) of the Licence and by requiring any representations to the modification to be made on or before 24 July 2015.
3. In accordance with section 23(4)(b) of the Act, the Authority gave notice that it proposed to make the modification to the Secretary of State on 26 June 2015 and has not received a direction not to make the modification.
4. Prior to the close of the consultation period in respect of the Notice, the Authority received one response from the Licence Holder, which fully supported our proposed modification. This response was non-confidential and has been placed on the Ofgem website.
5. The Authority has carefully considered the response received in relation to the proposed modification.
6. The Authority considers that this modification should be made so the Licence Holder can make capacity available at the requested exit points.
7. The effect of the modification to Table 8 in Part F of Special Condition 5G, as shown in Schedule 1, will be to add new exit points, Air Products (Teesside) and Fordoun CNG Station.
8. Where an application for permission to appeal the Authority's decision is made to the Competition and Markets Authority under section 23B of the Act, Rule 5.7 of the CMA's Energy Licence Modification Appeals Rules¹ requires that the appellant must send to any relevant licence holders who are not parties to the appeal a non-confidential notice setting out the matters required in Rule 5.2. The attached Schedule 2 provides a list of the relevant licence holders in relation to this modification notice. The meaning of 'relevant licence holder' is set out in section 23(10) of the Act.

Now therefore

In accordance with the powers contained in section 23(1)(a) of the Act, the Authority hereby modifies the gas transporter licence of National Grid Gas Plc in the manner specified in attached Schedule 1.
