Statutory consultation on proposed licence modifications to Standard Licence Conditions 14 and 15 of the electricity generation licence

Dear Steven,

Thank you for the opportunity to respond to this consultation. This response is on behalf of RWE Innogy UK.

As you are aware the drafting of Standard Licence Condition 15(4) prevented Triton Knoll Offshore Wind Farm Limited (hereafter “TKOWF”) from exercising its power of entry for survey purposes. The Authority’s, legitimate, “minded-to” decision to refuse TKOWF could have potentially delayed TKOWF – one of the United Kingdom’s largest offshore wind farms.

We are therefore pleased to see Ofgem address this issue and we are fully supportive of the amendments proposed in this latest consultation.

Please do not hesitate to contact myself should you have any questions.

Yours sincerely,

Lewis Elder
