[Thank you for the representations you made in respect to some of the measures listed in our letters]/[We note that you did not make any representations in response to our letter(s)].

We have assessed each of the measures listed in Appendix 1 of our letter(s) of DATE (ref: SUP-MTN0X) to determine whether it is a qualifying action to which we can attribute savings under Article 25 of The Electricity and Gas (Energy Company Obligation) Order 2014.

We have decided to refuse approval of the measures listed in table 1 in Appendix 1. We have included the reason for our decision for each measure in the table. We have listed the measures for which we considered your representations sufficient in tables 3 and 4 in Appendix 1. If these measures were not previously approved, they will still be subject to our assessment process and this letter cannot be construed as a guarantee that any of these measures will be approved.

We will not reconsider a decision unless exceptional circumstances apply. Exceptional circumstances are most likely to be circumstances where we have made an error in our assessment of the measure.
