

Open letter consultation on the Incentive on Connections Engagement:

Looking Forward reports 2015/16

Response received by email dated 11 August 2015

Greetings Sir/ma

Please see my response below

- Are you satisfied that SSEPD has a comprehensive and robust strategy for engaging with connection stakeholders and facilitating joint discussions where appropriate?
The strategy discussed is fairly comprehensive however, my thoughts, in line with the customer service ethos is the means of verifying contradicting information .
- Do you agree that SSEPD has a comprehensive work plan of activities (with associated delivery dates) that will meet the requirements of its connection stakeholders? If not, has SSEPD provided reasonable and well-justified reasons? What other activities should the DNOs do?
I agree that the work plan would suffice to meet the requirement of its connections stakeholders
- Do you consider that SSEPD has set relevant outputs that it will deliver during the regulatory year (e.g key performance indicators, targets, etc.)?
YES
- Would you agree that the SSEPD's proposed strategy, activities and outputs have been informed and endorsed by a broad and inclusive range of connection stakeholders? If they have not been endorsed, has SSEPD provided robust evidence that it has pursued this?
YES
