Dear colleagues

**Certification review in accordance with the Gas Act 1986 –  
Decision of the Gas and Electricity Markets Authority ('the Authority')**

On 21 May 2013, the Gas and Electricity Markets Authority (the 'Authority'), pursuant to Article 3 of Regulation 715/2009 (the 'Regulation') and section 8F of the Gas Act 1986 (the 'Act'), certified Interconnector (UK) Limited (a company registered in England and Wales under company number 02989838) ('IUK', the 'Certified Person') as independent, under the grounds set out in section:

- (i) 8G(8) of the Act (on the basis that it complied with section 8G(8)(b)(ii) of the Act), from 21 May 2013 until 11.59pm on 2 March 2015; or until it is withdrawn (whichever is earlier); and
- (ii) 8G(3) of the Act, from 12 am on 3 March 2015 if not withdrawn prior to that date.

A copy of our decision can be found here:

<https://www.ofgem.gov.uk/sites/default/files/docs/2013/05/certification-decision-on-interconnector-%28uk%29-limited-%28i%28uk%29%29.pdf>

Under section 8K(5) of the Act, the Authority may review whether the certification basis continues to apply if (a) the certified person notifies it of any event or circumstance which may affect that basis; or (b) the Authority thinks that the basis may no longer apply.

Based on information received from the Certified Person, and in accordance with section 8K of the Act, on 5 March 2015, the Authority opened a review into the Certified Person's certification. This letter sets out the Authority's final decision of our certification review pursuant to Article 3 of the Regulation and section 8N of the Act, that the certification of the Certified Person should be continued.

**Certification Review**

The Certified Person holds a gas interconnector licence granted under section 7ZA of the Gas Act and is a person required to be certified as independent under section 8C of the Gas Act.

On 21 May 2013, the Authority certified the Certified Person as independent, under two grounds:

- (i) First, for a transitional period until 11.59pm on 2 March 2015, under the sixth certification ground set out in section 8G(8) of the Act (on the basis that it complied with section 8G(8)(b)(ii) of the Act)(the 'Substantially Similar Ground'); and
- (ii) Secondly, for the period from 12 am on 3 March 2015 under the first certification ground set out in section 8G(3) of the Act; namely that the applicant meets the ownership unbundling requirement set out in section 8H of the Act (the 'Ownership Unbundling Ground').

In its 2013 Certification Decision, the Authority concluded that "*certification should continue from 3 March 2015 on the Ownership Unbundling Ground set out in section 8G(3) of the Gas Act subject to conditions relating to the appointment of directors and other senior officers and voting/access to information...*"

On 5 March 2015, having been informed by the Certified Person of an event that it considered might affect the basis for its certification, the Authority decided to open a review of certification in accordance with section 8K of the Act.

On the basis of the information since then submitted by the Certified Person, the Authority considered that the Certified Person has put in place enough measures so that, as of the date of 22 May 2015, it meets all the Certification Conditions detailed in the 2013 Certification Decision, and passes all the five tests set out in section 8H of the Act. Further information on this aspect of the Authority's final decision can be found in section 4 of the final decision analysis, which accompanies this letter.

On 23 July 2015, the Authority made its preliminary decision, under section 8N of the Act, that the Certified Person should continue to be certified as independent under the same terms and conditions of the 2013 Certification Decision. The Authority's preliminary decision was notified to the European Commission ('the Commission'), IUK and the Secretary of State in accordance with section 8N of the Act.

The Authority received the Commission's opinion on 20 August 2015<sup>1</sup>. In accordance with Article 3(2) of the Gas Regulation, the Authority has taken utmost account of that opinion in reaching its final decision which is set out below.

The Authority's final decision is that, as of and from the date of this decision, the Certified Person continues to be certified as independent, under the ground set out in section 8G(3) of the Act, subject to the conditions set out in the 2013 Certification Decision.

In accordance with section 8K of the Gas Act, the Authority will continue to monitor whether the basis on which it decided to certify the Certified Person continues to apply and if appropriate will review its certification decision.

Attached to this letter is a copy of the Authority's final decision.

Yours sincerely

Paul Branston
