Dear Paul

Statutory consultations on the proposed changes to the Electricity (Standards of Performance) Regulations 2010 for both suppliers and distributors

Thank you for the opportunity to comment on your proposed changes to the Electricity (Standards of Performance) Regulations 2010.

Electricity North West has undertaken a detailed review of the draft regulations that were published on 16 and 18 December and has contributed fully to the Energy Networks Association's (ENA's) response to the consultations.

The ENA's response is comprehensive and includes the issues that we wish to raise. Please consider that the ENA's response also represents Electricity North West's response to your consultation.

If you have any questions about our response please do not hesitate to contact me.

Yours sincerely

Paul Bircham
Regulation Director
