

# Proposal for a Capacity Market Rules Change

Making a positive difference  
for energy consumers

Reference number (to be completed by Ofgem):  
CP122

Name of Organisation(s) / individual(s):  
Energy UK

Date Submitted:  
15 January 2016

**Type of Change:**

- Amendment
- Addition
- Revoke
- Substitution

**If applicable, whether you are aware of an alternative proposal already submitted which this proposal relates to:**

We are not aware of any alternative proposal.

**What the proposal relates to and if applicable, what current provision of Rules the proposal relates to (please state provision number):**

Housekeeping change to clarify the Ordnance Survey grid reference data required by the EMR Delivery Body.

The proposal relates to rules 3.4.3(a)(i), 3.11.2(d), 7.4.1(a)(iii), 8.3.3A(a)(i) and Schedule 1.

**Description of the issue that the change proposal seeks to address:**

The rules currently state that applicants must submit a six-figure Ordnance Survey grid reference for a given CMU. This amendment seeks to provide clarification that the EMR Delivery Body requires all eight digits of the alphanumeric code, e.g. AAxxxxxx.

**If applicable, please state the proposed revised drafting (please highlight the change):**

Amend “six-figure Ordnance Survey grid reference” to “six-figure Ordnance Survey grid reference (all eight digits of the alphanumeric code)”.

**Analysis and evidence on the impact on industry and/or consumers including any risks to note when making the revision- including, any potential implications for industry codes:**

A minor housekeeping amendment that aims to reduce the potential for technical prequalification breaches. The proposal meets the following objective under the regulations:

*(b) facilitating the efficient operation and administration of the capacity market.*

**Details of Proposer (please include name, telephone number, email and organisation):**

Pavel Miller, Energy UK, 0207 747 1833
