Dear Tom,

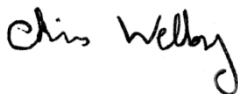

Reforming suppliers' meter inspection obligations – final proposals

Thank you for the invitation to respond to the above document. Good Energy is a fast-growing 100% renewable electricity supply company, offering value for money and award-winning customer service. An AIM-listed PLC, our mission is to support change in the energy market, address climate change and boost energy security.

Good Energy Welcomes Ofgem's decision to proceed with removing the 2 yearly inspection obligation believing this to be the most effective and proportionate solution as we move to smart metering. We are also happy with the proposed changes to the licences and agree they reflect the policy decision.

I hope you find this response useful. If you have any questions or require clarification, please do not hesitate to contact me.

Kind regards,

Chris Welby

Policy & Regulatory Affairs Director
