

Renewable Heat Incentive

Biomethane Declaration – Information and Template

Version 2.0

August 2014

What is the Biomethane Declaration form for?

This form is intended to be completed and submitted where the person who is applying for biomethane registration is not also producing the biogas which is subsequently used for biomethane injection.

Who should complete it?

The RHI applicant (this must be the same person given as the Authorised Signatory in the online application form) must complete and sign **Section 1** of this declaration and ensure that **Section 2** is completed by all persons who produce the biogas from which the biomethane is made.

Please ensure all fields are completed by all persons who produce the biogas from which the biomethane is made.

Note for signatories

Please note that by signing this declaration you are giving authority for the applicant (the Authorised Signatory) to apply for the RHI for biomethane injection. On signing this declaration, you are giving the Authority permission to access your site for pre-registration checks and audit purposes.

The Authorised Signatory can create additional users to the account. They will have access to the online RHI Register and can amend the application (although they cannot make final submissions) and have permission to discuss the application with us. To do this see Account Management section on pages 19-22 of the [Guide to Using the RHI Register](#).

Section 1: To be completed by the applicant

Name: _____ Job title: _____

Role in the biomethane production process:

Email address:

Contact number:

I declare that the information provided is correct to the best of my knowledge and belief.

Signature:
