

# Sustainability

## What you need to do

What technology?

### Solid Biomass

Woody Biomass

Non-woody Biomass

Biogas

Biomethane

CHP

Buy your fuel from the Biomass Suppliers List (BSL)

GO

or

Register on the BSL if you produce your own fuel

GO

Every quarter provide your BSL authorisation number from your fuel receipt at the same time as your meter readings.

You need to self-report

Can't use the BSL?

See the sustainability self-reporting guidance

Chapter 4 of Volume 2 may be relevant if you have biomass CHP

GO

What else do I have to do?

You now have up to four ongoing obligations relating to your biomass fuels. Please refer to [Chapter 4 of RHI Guidance Volume 2](#) for further information. Keep receipts and delivery notes if sourcing your fuels from the BSL.
