Dear Colleague

Publication of the consolidated Capacity Market Rules

On 28 June 2017 we published our decision on amendments to the CM Rules¹ and an amended version of the Rules setting out the changes we were making to implement our decisions.

The changes to the Rules which we effected as a result of this decision and collectively identified as the Capacity Market (Amendment) Rules 2017 were laid before Parliament on 13 July 2017 and came into force on 14 July 2017. We have published the Capacity Market (Amendment) Rules 2017 alongside this letter.

Separately, amendments by BEIS, the 'Capacity Market (Amendment) (No. 2) Rules 2017', were laid before Parliament yesterday and came into force today. An informal consolidated version of the Capacity Market Rules containing both sets of changes has also been published alongside this letter.

The version of the Rules that we laid before Parliament included some minor modifications to correct errors from previous consolidations of amendments, including referencing errors and these are also been reflected in the consolidated version.

Yours faithfully

Mark Copley
Associate Partner, Wholesale Markets
