

To: National Grid Electricity Transmission plc.

**Electricity Act 1989
Section 11A(1)(a)**

**Modification of the Special Conditions of the electricity transmission licence held
by National Grid Electricity Transmission Plc**

Whereas

1. National Grid Electricity Transmission Plc ('NGET') ('the Licence Holder') is the holder of an electricity transmission licence ('the Licence') granted or treated as granted under section 6(1)(b) of the Electricity Act 1989 ('the Act').
2. Under section 11A(2) of the Act the Gas and Electricity Markets Authority ('the Authority')¹ gave notice on 28 July 2017 ('the Notice') that we propose to remove Special Condition 4K and make consequential amendments to the existing Special Conditions of the Licence. We stated that any representations to the modification proposal had to be made on or before 8 September 2017.
3. In accordance with section 11A(4)(b) of the Act, the Authority gave a copy of the Notice to the Secretary of State and has not received a direction that the modification should not be made.
4. We received three responses to the Notice. All of these were supportive of our proposed changes. The consultation responses are available on our website.
5. We are making these licence changes because Supplemental Balancing Reserve ('SBR') and Demand Side Balancing Reserve ('DSBR') were introduced as temporary balancing tools to bridge the gap between tightening generation margins in the mid-decade period and the introduction of the Capacity Market. An Early Capacity Auction in February 2017 procured 54.43GW of capacity for the 2017/18 Delivery Year, and consequently, SBR and DSBR services will no longer be required.
6. The effect of the modifications will be to:
 - a. Remove NGET's ability to recover any costs associated with the provision of SBR and DSBR.
7. Where an application for permission to appeal our decision is made to the Competition and Markets Authority (CMA) under section 11C of the Act, Rule 5.7 of the CMA's Energy Licence Modification Appeals Rules² requires that the appellant must send to any relevant licence holders who are not parties to the appeal a non-confidential notice setting out the matters required in Rule 5.2. Schedule 2 provides a list of the relevant licence holders in relation to this modification notice. The meaning of 'relevant licence holder' is set out in section 11A(10) of the Act.

Now therefore

Under the powers set out in section 11A(1)(a) of the Act, the Authority hereby modifies the Special Conditions of the Licence Holder in the manner specified in the attached Schedule 1. This decision will take effect from 25 November 2017.

This document is notice of the reasons for the decision to modify the Special Conditions to the Licence held by NGET as required by section 49A(2) of the Act.

¹ The terms "the Authority", "we" and "us" are used interchangeably in this document.

² The rules were published by the Competition Commission in September 2012. On 1 April 2014, the Competition Commission was abolished and its functions transferred to the CMA.
