

**To: All holders of an electricity supply licence (“licensees”) who are relevant licence holders for the purpose of section 11A(10) of the Electricity Act 1989**

**MODIFICATIONS PURSUANT TO SECTION 11A OF THE ELECTRICITY ACT 1989 OF THE STANDARD CONDITIONS OF THE ELECTRICITY SUPPLY LICENCES GRANTED OR TREATED AS GRANTED UNDER SECTION 6(1)(d) OF THE ELECTRICITY ACT 1989**

**NOTICE OF REASONS FOR THE DECISION TO MODIFY THE STANDARD CONDITIONS OF THE ELECTRICITY SUPPLY LICENCE UNDER SECTION 49A OF THE ELECTRICITY ACT 1989**

**WHEREAS:**

1. Each of the licensees to whom this modification notice is addressed holds an electricity supply licence granted, or treated as granted, pursuant to section 6(1)(d) of the Electricity Act 1989 (the “Act”).
2. In accordance with section 11A (2), (3) and (4) of the Act, the Gas and Electricity Markets Authority (“the Authority”)<sup>1</sup> gave notice (“Notice”) on 14 August 2017 that it proposed to modify the standard conditions of the electricity supply licence by amending Standard Licence Conditions:
  - 1 (Definitions for standard conditions);
  - 22C (Fixed Term Supply Contracts);
  - 22F (Bespoke Heating System Arrangements);
  - 23 (Notification of Domestic Supply Contract terms);
  - 24 (Termination of Domestic Supply Contracts); and
  - 31D (White Label Tariffs).
3. In the Notice we stated that any representations with respect to the modification proposals must be made on or before 15 September 2017.
4. A copy of the Notice was sent to the Secretary of State in accordance with section 11A(4)(b) of the Act, and we have not received a direction that the change should not be made.
5. We received 27 responses to the Notice. We have placed all non-confidential responses on our website. We have carefully considered the representations made and, subject to minor alterations to the text set out in the Notice, have decided to proceed with the modification proposed in the Notice. Where appropriate, we have provided a response to comments received in respect of the Notice, which we set out in the accompanying letter. This letter is available online at:  
  
<https://www.ofgem.gov.uk/publications-and-updates/decision-default-tariffs-domestic-customers-end-fixed-term-contracts>
6. As further described in Schedule 1 of this modification notice, it is necessary to make three minor alterations to the modifications set out in the Notice in order to address minor issues raised in consultation responses. These changes are to the definition of “Relevant Fixed Term Default Tariff” in Standard Licence Condition 1 and the definition of “Relevant Fixed Term Default Tariff” for the purposes of White Label Tariffs in Standard Licence Condition 31D. We agree with stakeholder responses that the phrasing “similar in nature” better reflects the spirit of our intended change than the wording suggested in the Notice, which was “as similar as possible”. We have clarified that when a licensee is assessing whether the Relevant Fixed Term Default Tariff is cheaper than or as cheap as

---

<sup>1</sup> The terms “the Authority”, “we” and “us” are used interchangeably in this document.

the Relevant Cheapest Evergreen Tariff for the particular domestic customer they should do so using the Estimated Annual Cost. It is also necessary to make one minor typographical change.

7. The reasons for making the licence modifications are to implement the policy stated in the documents below. The effect of the modifications is also described in these documents:
  - [Final decision: Default tariffs for domestic consumers at the end of fixed-term contracts](#), October 2017
  - [Default tariffs for domestic consumers at the end of fixed-term contracts](#), August 2017
  - [Helping consumers make informed choices – proposed changes to rules around tariff comparability and marketing](#), August 2016
8. In summary, we are making these modifications because we want to give domestic suppliers flexibility to roll their customers onto tariffs other than the standard variable tariff at the end of existing fixed-term supply contracts. The changes will enable suppliers to offer customers rollover tariffs other than the standard variable, allowing them to differentiate themselves and provide better deals for customers if they choose. At the same time, the changes will continue to provide protections for consumers who choose to switch to fixed-term tariffs.
9. The effect of the modifications is described in the documents referred to in paragraph 7 of this modification notice. In summary, the effect of the modifications is to allow domestic suppliers to roll customers, as a default, onto further fixed-term contracts at the end of their existing deals, as long as that further contract:
  - Does not have any penalties for early termination attached to it;
  - Is the same price or cheaper than the variable tariff that the consumer would otherwise have been rolled onto; and
  - Is similar in nature to the customer's current tariff, taking into account their characteristics and preferences (eg in respect of tariff type, online account management, meter type and payment method).
10. For the avoidance of doubt, suppliers are not required to roll customers onto fixed-term contracts – this is at their discretion.
11. Where an application for permission to appeal our decision is made to the Competition and Markets Authority (CMA) under section 11C of the Act, Rule 5.7 of the CMA's Energy Licence Modification Appeals Rules<sup>2</sup> requires that the appellant must send to any relevant licence holders who are not parties to the appeal a non-confidential notice setting out the matters required in Rule 5.2. The attached Schedule 3 provides a list of the relevant licence holders in relation to this modification. Section 11A(10) of the Act sets out the meaning of "relevant licence holder".

## **THEREFORE**

In accordance with the powers set out in section 11A(1)(b) of the Act, we hereby modify the standard licence conditions for all electricity supply licences in the manner specified in the attached Schedule 2. This decision will take effect from 06 December 2017, which is at least 56 days from the publication of this modification notice.

---

<sup>2</sup> The rules were published by the Competition Commission in September 2012. On 1 April 2014, the Competition Commission was abolished and its functions transferred to the CMA.

This document is notice of the reasons for the decision to modify the electricity supply licences as required by section 49A(2) of the Act.

We have included the sections of the SLCs we have decided to remove or amend below. Deletions are shown in strike through and new text is double underlined. Where changes to conditions are minor we include only those sections of the condition that are affected by the change.

**Condition 1. Definitions for standard conditions**

**Relevant Fixed Term Default Tariff**

means a Fixed Term Supply Contract available from the licensee (or, where there are any Affiliate Licensees, the licensee and any Affiliate Licensees), that:

  - (i) their current payment method;
  - (ii) their current Relevant Meter Type;
  - (iii) their current Account Management Arrangement; and
  - (iv) their characteristics and preferences;

### Renewal of Fixed Term Supply Contracts

22C.3 The licensee must prepare a statement (hereafter referred to as an “SLC 22C Statement of Renewal Terms”) which:

  - (iv) a statement explaining that if the Domestic Customer does not change supplier or does not expressly agree a new Evergreen Supply Contract, a new Fixed Term Supply Contract or a further fixed term period for a Fixed Term Supply Contract by the date the fixed term period of the existing Fixed Term Supply Contract is due to end, the Domestic Customer will become subject to either the Relevant Cheapest Evergreen Tariff or a Relevant Fixed Term Default Tariff, as applicable;
  - (v) a statement explaining that the following information is provided in a separate part of the SLC 22C Statement of Renewal Terms:
    - (1) the Principal Terms that currently apply to the Domestic Customer;

- (2) the Principal Terms that would apply if the Domestic Customer becomes subject to either the Relevant Cheapest Evergreen Tariff or a Relevant Fixed Term Default Tariff, as applicable, by virtue of paragraph 22C.7; and

- (d) contains a separate part which provides the following information in a form which is easily comparable and clearly illustrates the main differences in the Principal Terms:
- (i) the Principal Terms that currently apply to the Domestic Customer;
  - (ii) the Principal Terms that would apply if the Domestic Customer becomes subject to either the Relevant Cheapest Evergreen Tariff or a Relevant Fixed Term Default Tariff, as applicable, by virtue of paragraph 22C.7; and,
  - (iii) where a Notice is also being provided to the Domestic Customer pursuant to SLC 22C.5(a) below, the Principal Terms that would apply if the Domestic Customer agrees a further fixed term period for an existing Fixed Term Supply Contract;
- (e) contains a separate part which, in accordance with paragraph 31E.8 of standard condition 31E (Provision of Tariff Information Label and Estimated Annual

Costs at the same time as Principal Terms), contains the Tariff Information Label for each set of Principal Terms provided pursuant to sub-paragraph 22C.3(d); and

- (f) contains a separate part which, in accordance with paragraph 31E.8 of standard condition 31E (Provision of Tariff Information Label and Estimated Annual Costs at the same time as Principal Terms), contains the Domestic Customer's Estimated Annual Costs for each set of Principal Terms provided pursuant to sub-paragraphs 22C.3(d)(i) and (iii) (but not the Domestic Customer's Estimated Annual Costs for the set of Principal Terms provided pursuant to sub-paragraph 22C.3(d)(ii), which must already be provided in accordance with sub-paragraph 22C.3(c)(vii)).

22C.4 The licensee must:

- (a) provide a Domestic Customer with a copy of the SLC 22C Statement of Renewal Terms which complies with paragraph 22C.3 no earlier than 49 days and no later than 42 days before the fixed term period of their Fixed Term Supply Contract is due to end; and
- (b) with the exception of the Notice described in paragraph 22C.5, ensure that the SLC 22C Statement of Renewal Terms is separate from any other document (including, but not limited to, a Bill, statement of account, Annual Statement or marketing material) and is provided to the Domestic Customer separately from any other document (including, but not limited to, a Bill, statement of account, Annual Statement or marketing material).

22C.5 In relation to any Fixed Term Supply Contract, other than a Relevant Fixed Term Default Tariff, the licensee may only extend the duration of that Contract for a further fixed term period (with or without any changes to other terms and conditions, including the Charges for the Supply of Electricity) if:

- (a) no earlier than 49 days and no later than 42 days before the fixed term period of an existing Fixed Term Supply Contract is due to end, the licensee has given the Domestic Customer a copy of the SLC 22C Statement of Renewal Terms which complies with paragraph 22C.3 and which incorporates a Notice which:
  - (i) with the exception of the SLC 22C Statement of Renewal Terms, is not to be provided in conjunction with, or contain, any other information, including (but not limited to) a Bill, statement of account or marketing material;
  - (ii) informs the Domestic Customer that the licensee is seeking the Domestic Customer's express agreement in Writing to a further fixed term period with or without proposed changes to other terms and conditions (including the Charges for the Supply of Electricity);
  - (iii) informs the Domestic Customer of the duration of the proposed further fixed term period and the nature, purpose and effect of any proposed changes to other terms and conditions (including the Charges for the Supply of Electricity);

- (iv) informs the Domestic Customer they are under no obligation to agree to the proposed further fixed term period or any proposed changes to other terms and conditions (including the Charges for the Supply of Electricity); and
  - (v) without prejudice to SLC 22 Supplier and Customer Information and the SLC 22C Statement of Renewal Terms, does not include any other information.
- (b) the Domestic Customer has expressly agreed in Writing to the proposed further fixed term period and, where applicable, any proposed changes to other terms and conditions (including the Charges for the Supply of Electricity) in response to the Notice given by the licensee in accordance with sub-paragraph 22C.5(a);
  - (c) the duration of the further fixed term period is no longer than the duration of the fixed term period that currently applies to the existing Fixed Term Supply Contract; and
  - (d) by virtue of the extended duration of the further fixed term period and any changes to other terms and conditions (including the Charges for the Supply of Electricity), the Fixed Term Supply Contract becomes identical to a Tariff which is a Live Fixed Term Tariff.

### **Prohibition on termination fees for non compliance**

22C.6 Where the licensee fails to comply with paragraphs 22C.2 to 22C.5 and extends the duration of an existing Fixed Term Supply Contract for a further fixed term period, the licensee may not charge or otherwise seek to enforce a Termination Fee in respect of that Domestic Supply Contract.

### **Continued supply after a fixed term period ends**

22C.7 Where a Domestic Customer does not change supplier or does not expressly agree a new Evergreen Supply Contract, a new Fixed Term Supply Contract or a further fixed term period for a Fixed Term Supply Contract by the date the fixed term period of an existing Fixed Term Supply Contract is due to end, the licensee must ensure that the terms of the Fixed Term Supply Contract provide that the Domestic Customer will become subject to either the Relevant Cheapest Evergreen Tariff or if the licensee considers it appropriate to do so, a Relevant Fixed Term Default Tariff.

22C.8 Without prejudice to paragraph 22C.2 of this condition and paragraph 24.9 of standard condition 24, if at the end of any fixed term period the licensee continues to supply a Domestic Customer, it must do so on the basis of:

- (a) the Relevant Cheapest Evergreen Tariff or a Relevant Fixed Term Default Tariff which is provided for by the terms of the Fixed Term Supply Contract in accordance with paragraph 22C.7;
- (b) a new Evergreen Supply Contract which has been entered into with the express agreement of the Domestic Customer;

- (c) a new Fixed Term Supply Contract which has been entered into with the express agreement of the Domestic Customer and which complies with standard condition 22C; or
- (d) a further fixed term period in relation to an existing Fixed Term Supply Contract in circumstances where that Fixed Term Supply Contract and that further fixed term period complies with standard condition 22C.

**Prohibition on increasing the Charges for the Supply of Electricity and other adverse unilateral variations**

22C.9 Without prejudice to paragraph 22C.5 or paragraph 22C.7, in relation to any Fixed Term Supply Contract, the licensee must not:

- (a) increase the Charges for the Supply of Electricity (including, but not limited to, by making any reduction in the amount of a Discount that is directly applied to a Unit Rate or Standing Charge); or
- (b) unilaterally vary any other terms and conditions in any way which is to the disadvantage of a Domestic Customer.

**Exception to compliance with condition**

22C.10 The licensee is not required to comply with standard condition 22C to such extent and subject to such conditions as the Authority may from time to time direct.

22C.11 In respect of an increase in Charges for the Supply of Electricity, the licensee is not required to comply with paragraph 22C.9 if:

- (a) all of the following requirements are satisfied:
  - (i) the Domestic Supply Contract provides that variations to the Charges for the Supply of Electricity will occur automatically only in a manner which is fully linked to fluctuations in a published and transparent stock exchange quotation or index or a financial market rate that the licensee does not control; and
  - (ii) the licensee has complied with paragraph 23.1 of standard condition 23; and
  - (iii) the method by which the Charges for the Supply of Electricity fluctuate automatically is set out in the Domestic Supply Contract in a prominent position in plain and intelligible language; or
- (b) all of the following requirements are satisfied:
  - (i) the Domestic Supply Contract expressly sets out in advance the precise variation or variations to the Charges for the Supply of Electricity which are scheduled to occur automatically by a precise and amount (or precise amounts) and on a precise date (or precise dates) which is not subject to the licensee's discretion; and

- (ii) the licensee has complied with paragraph 23.1 of standard condition 23; and
- (iii) the precise variations to the Charges for the Supply of Electricity are set out in the Domestic Supply Contract in a prominent position and in plain and intelligible language.

22C.11A The licensee is not required to comply with paragraph 22C.9 in respect of an increase or variation of the Charges for the Supply of Electricity or any other charge or fee ('Relevant Charge') where all of the following circumstances apply:

- (a) the Relevant Charge is subject to value added tax;
- (b) there has been a change in the rate of value added tax that is chargeable in respect of the Relevant Charge; and
- (c) the licensee varies the amount of the Relevant Charge only in order to fully reflect the rate of value added tax that is chargeable in respect of that Relevant Charge.

22C.11B Paragraph 22C.9 does not apply where all of the following requirements are satisfied:

- (a) the licensee is only increasing the Charges for the Supply of Electricity and/or unilaterally varying any other terms and conditions in any way which is to the disadvantage of a Domestic Customer in order to move a Domestic Customer from one payment method to another ('the power to change payment methods');
- (b) the power to change payment methods is only exercised on the grounds that the Domestic Customer has Outstanding Charges and/or has failed to comply with terms and conditions relating to a payment method;
- (c) the power to change payment methods and the precise circumstances when that power will be exercised are set out in the Domestic Supply Contract in a prominent position and in plain and intelligible language; and
- (d) the licensee has complied with paragraph 23.1 of standard condition 23.

## **Guidance**

22C.12 The licensee must have regard to any guidance on Relevant Matters for SLC 22C which, following consultation (which may be conducted before this condition takes effect), the Authority may issue and may from time to time revise (following further consultation).

## **Terms of Fixed Term Supply Contracts**

22C.13 The licensee must ensure that the terms and conditions of each Fixed Term Supply Contract comply with the provisions of standard condition 22C.

22C.13A The licensee must ensure that each Fixed Term Supply Contract contains terms and conditions which reflect the effect of:

- (a) paragraph 22C.2;

- (d) paragraph 22C.6;
- (e) paragraph 22C.7;
- (f) paragraph 22C.9;
- (g) any other requirement of standard condition 22C which could reasonably be considered as:
  - (i) giving a particular Domestic Customer a right to receive or do something in any circumstances;
  - (ii) giving a particular Domestic Customer a right to avoid being subject to something in any circumstances; and
  - (iii) providing for a specific form of protection for a particular Domestic Customer in any circumstances; and
- (h) any provisions of standard condition 22C specified in directions, which following consultation, the Authority may issue and may from time to time revise (following further consultation).

22C.14 The licensee must not enforce or take advantage of any term of a Fixed Term Supply Contract if:

- (a) the inclusion of that term is incompatible with standard condition 22C; or
- (b) the enforcement or the taking advantage of that term would be so incompatible.

### **Treatment of Fixed Term Supply Contracts with changes to terms precisely set out in advance**

22C.15 Without prejudice to paragraphs 22C.2 and 22C.5, where, in accordance with sub-paragraph 22C.11(b), a Fixed Term Supply Contract expressly sets out in advance the precise variation or variations to the Charges for the Supply of Electricity which are scheduled to occur automatically by a precise amount (or precise amounts) and on a precise date (or precise dates) which is not subject to the licensee's discretion, the references to "fixed term period" in paragraphs 22C.3 to 22C.5, 22C.7 and 22C.8 of standard condition 22C are to be read as a reference to the last fixed term period that applies to the Fixed Term Supply Contract.
