Subject: Incentive on Connections Engagement Consultation on the distribution network operators' 2018 submissions

Hello

My name is Simon Gray and I'm the CEO of the East of England Energy Group (EEEGR) which represents more than 300 members across the region, ranging from energy producers to supply chain companies.

Our mission is to provide knowledge, support and opportunities to enable members to strategically grow their businesses.

EEEGR is also a key voice for the sector, putting the region and its expertise on the radar of major international players and influential politicians at regional and national levels.

EEEGR also has close links with educational and training institutions, through the Skills for Energy (SfE) programme. This programme helps to ensure students, courses and training facilities are tailored to meet the future needs of the energy industry.

Separate to EEEGR I also chair the UK Power Networks Critical Friends Panel (CFP) for the Eastern region. We hold 3 or 4 CFP session per year and I also attend other UKPN events including their road show. Both the CFP sessions and road shows are well attended and they are very interactive and participatory.

I have often congratulated UKPN on their engagement programmes which I believe to be the best in their sector and the best that I have seen in the energy sector.

Over and above the events I have shown above I am also aware of the following that UKPN have organised and recorded:

Unlocking Capacity in the South East 12/06/2017

DER Customer Forum 18/07/2017

Joint DER Forum with SEEN 19/10/2017

DER Scrutiny Panel 08/11/2017

Generator Owner & Operator Forum 15/01/2018

DER Customer Forum 21/02/2018

DER Scrutiny Panel 10/04/2018

DG Mapping Tool Development workshop 23/05/2018

Generator Owner & Operator Forum 30/05/2018

I do hope that this helps but should you require any further information please do not hesitate to contact me.

Kind regards,

Simon Gray
