

To: National Grid Gas plc (company number 02006000) (the “licensee”)

**Gas Act 1986
Section 23 (1)(a)**

**Modification of Special Conditions 5G and 5F of the gas transporter licence held
by National Grid Gas plc**

1. National Grid Gas plc is the holder of a gas transporter licence (‘the Licence’) granted or treated as granted under section 7 of the Gas Act 1986 (‘the Act’).
2. Under section 23 (1)(a) of the Act the Gas and Electricity Markets Authority (‘the Authority’)¹ gave notice on 25 October 2018 (‘the Notice’) that we propose to modify Part F of Special Condition 5G and Part F of Special Condition 5F of the Licence. We stated that any representations to the modification proposal must be made on or before 22 November 2018.
3. A copy of the Notice was sent to the Secretary of State in accordance with section 23(4)(b) of the Act, and we have not received a direction that the change should not be made.
4. We received one response to the Notice, which we carefully considered. We have placed all non-confidential responses on our website. Our response to these comments is set out in the accompanying letter.
5. We are making these licence changes at the request of National Grid Gas plc who plan to add two new NTS exit point and one new NTS entry point to the Licence.
6. The effect of the modification will be to add two new exit points “Keadby 2 Power Station” and “Eggborough Power Station” to Table 8 in Part F of Special Condition 5G and add one new entry point “Murrow” to Table 4B in Part F of Special Condition 5F. Schedule 1 to this Notice shows these additions in Table 8 and 4B.
7. Where an application for permission to appeal our decision is made to the Competition and Markets Authority (CMA) under section 23B of the Act, Rule 5.7 of the Energy Licence Modification Appeals: Competition and Markets Authority Rules² requires that the appellant must send to any relevant licence holders who are not parties to the appeal a non-sensitive notice setting out the matters required in Rule 5.2. The attached Schedule 2 provides a list of the relevant licence holders in relation to this modification. Section 23(10) of the Act sets out the meaning of ‘relevant licence holder’.

Under the powers set out in section 23(1)(a) of the Act, we hereby modify the special conditions of the gas transporter licence of National Grid Gas plc in the manner specified in attached Schedule 1. This decision will take effect from 07 February 2019.

This document is notice of the reasons for the decision to modify the gas transporter licence held by National Grid Gas plc as required by section 38A of the Act.

¹ The terms “the Authority”, “we” and “us” are used interchangeably in this document.
