Dear Leyun:

**Northern Gas Networks response to Ofgem Statutory consultation on a proposal to modify Special Condition 1A of the gas transporter licences held by the Gas Distribution Network operators**

Northern Gas Networks has reviewed your proposal to modify Special Condition 1A of the gas transporter licence, to ensure that the definition of “Workbook” in the Gas Transporter Licence refers to the workbooks that were published by Ofgem on 20 December 2018, as opposed to the workbooks published in February 2013.

Northern Gas Networks supports this modification and is satisfied that the December 2018 workbooks that will be referenced in the licence constitute the workload that gas distribution networks should be measured against in RIIO-GD1.

Should you wish to discuss anything in more detail, please do not hesitate to contact Greg Dodd, Head of Asset Strategy by email [gdodd@northerngas.co.uk](mailto:gdodd@northerngas.co.uk) or phone 07966887355.

Kind Regards

Gareth Mills | Director of Regulation  
Northern Gas Networks
