Dear Sir/Madam,

### **Renewable Energy Guarantees of Origin (REGOs) – Great Britain Fuel Mix Disclosure 2019**

We are contacting you, as a generator accredited under the Renewable Energy Guarantees of Origin (REGO) scheme, to make you aware of the Great Britain Fuel Mix Disclosure (FMD) deadline for licensed electricity suppliers of 1 July 2019. It is likely that your current electricity supplier is endeavouring to comply with the GB FMD deadline and may require you to transfer your REGOs to them to ensure that it is met. **If you are not required to sell your REGOs to your supplier, then please ignore the information listed below and no further action is required.**

#### What is Fuel Mix Disclosure?

The Electricity (Fuel Mix Disclosure) Regulations 2005 (SI 2005 No. 391) introduced a requirement on all electricity suppliers in Great Britain to disclose to their customers, and potential customers, the mix of fuels used to generate the electricity supplied annually. REGOs are the main evidence source used by licensed electricity suppliers to prove the proportion of renewable electricity supplied to their customers. As such, if you sell the renewable electricity you generated for the generation period of 1 April 2018 to 31 March 2019 to your supplier, they may also require you to transfer your REGOs for this generation period to them well in advance of their deadline of midday 1 July 2019.

#### Claiming and Transferring REGOs

If you are still to claim and transfer REGOs for generation between 1 April 2018 and 31 March 2019, please do so as soon as possible. All claims and transfers of REGOs should be made via your account on the Renewables and CHP Register.

Please follow the instructions in section 5 of the [Renewables and CHP Register User Guide](#) on how to submit output data and section 6 on how to transfer certificates. You will need to obtain the Renewables and CHP Register unique ID number of your supplier's account in order to complete the transfer transaction.

Please note, requests made near to the supplier's deadline of 1 July 2019 cannot be guaranteed to be issued and transferred on time to the supplier's account on the Renewables and CHP Register.

If you experience problems when requesting or transferring your REGOs please contact the **RE Compliance** team, in the first instance using the contact details provided at the head of this letter.

Yours faithfully,
