

[Received by e-mail, dated 1 March 2019]

Hi Cissie,

I have been working with SHETL on their Vista bids for several years and am fully supportive of the projects between Boat of Garten and Nethy Bridge.

The removal of the over-headlines within this area of the Cairngorm National Park, at a location seen by many who live work or visit the area, would be very welcome.

I do hope that you can secure a positive outcome to this effort.

Kind regards.
