WHO WE ARE AND WHAT WE DO

BEAMA is a member association that represents manufacturers of electrical infrastructure products and systems, from transmission through distribution to the environmental systems and services in the built environment, with over 200 members ranging from SMEs to large multinationals. BEAMA member's products provide a sustainable, safe, efficient and secure UK electrical system. We support our members in ensuring that the UK has a strong electrotechnical industry that is recognised as an essential part of modern society and brings invaluable economic, social and environmental benefits.

BEAMA NETWORKS

BEAMA Networks members are manufacturers and providers of products for the Transmission and Distribution sector, including:

Membership of the group is open to companies with a UK presence who develop, manufacture or supply products or services to the T&D Sector, as well as related products and technology used in the commercial, industrial and oil and gas sectors.
