Dear Anna,

**Determination on Enhancing Pre-existing Infrastructure outputs and allowed expenditure adjustment within National Grid Electricity Transmission's RIIO ET1 price control (electricity transmission licence special condition 6G)**

I am writing in support of Ofgem's determination on our funding request for additional projects under the Landscape Enhancement Initiative (LEI) scheme. These projects are in the Blackdown Hills Area of Outstanding Natural Beauty (AONB), Clwydian Range and Dee Valley AONB, High Weald AONB, and the New Forest National Park.

We are pleased that Ofgem's approval of these projects will help to greatly contribute to the enhancement of the landscapes in these areas.

With regard to the proposed licence changes, we are in agreement with the general draft.

We look forward to working with you on the next round of LEI and Visual Impact Provision submissions.

Yours sincerely

Steven Lam  
Regulatory Submissions Manager
