Date: 03 September 2019

Dear Colleagues,

Invitation to Liquidity Policy Options Assessment stakeholder workshop on 01 October 2019

In May 2019, we announced that we would conduct an options assessment to consider whether current policy interventions designed to support liquidity continue to be required and, if so, whether they can be improved upon. The update noted that we would hold a stakeholder workshop during the course of the options assessment.

We would like to invite you to attend a workshop on 01 October from 13:00-17:00 at the [Regent's Conference & Events Centre in Regent's Park](#).

If you have not previously expressed interest in attending, please respond to wholesalemarketoperation@ofgem.gov.uk on or before 17 September to secure a place and indicate:

- Full name and job title
- Organisation

We will circulate an agenda and materials to attendees in due course.

Your sincerely,

Tom Corcut

Deputy Director, Wholesale Markets
