

*Gas Network Innovation Competition Full Submission*  
**Supplementary Answer Form**

## Project: H21

Tick if this answer has been provided verbally: ☐

Project code	NGNGN05	Question Number	9
Question date	3 <sup>rd</sup> Sept 2019	Answer date	5 <sup>th</sup> Sept 2019
Submission section question relates to	N/A		
Topic	Phase 2b – Unoccupied trials		
Question	In relation to your response to question 3, can you advise if the other GDNs are also using the same methodology to identify potential sites for the testing within their own networks?		
Notes on question			
Answer	<p>All of the GDNs have been involved with trying to locate potential sites for unoccupied trials and have been sent the requirements detailed in question 3. This requirement is reinforced at the regular H21 Steering Board meetings that all of the supporting GDN's attend.</p> <p>We have a number of potential sites that we are currently investigating, one of which is located in the Wales and West Utilities area. See link below:</p> <p><a href="https://www.derelictplaces.co.uk/main/residential-sites/37090-merthyr-vale-housing-estate-2019-a.html">https://www.derelictplaces.co.uk/main/residential-sites/37090-merthyr-vale-housing-estate-2019-a.html</a></p>
