

Renewables Obligation Certificate (ROC) Issue Schedule 2020/2021

Note: If an operator has problems submitting this data to Ofgem, within the timeframes below, we should be notified **before** the relevant date in Column A. If data for Renewable Obligation Certificates (ROCs) is submitted to Ofgem after the date shown in Column A it will be suspended and Ofgem will look to generators to provide reasons as to why the data was submitted late. In these cases, it is unlikely that ROCs will be issued by the date shown in column B.

Month and year of generation	A/ Date by which ROC output data must be received	B/ Date by which Ofgem intends to issue ROCs
April 2020	30 June 2020	21 July 2020
May 2020	31 July 2020	21 August 2020
June 2020	31 August 2020	21 September 2020
July 2020	30 September 2020	15 October 2020
August 2020	31 October 2020	16 November 2020
September 2020	30 November 2020	15 December 2020
October 2020	31 December 2020	15 January 2021
November 2020	31 January 2021	15 February 2021
December 2020	28 February 2021	15 March 2021
January 2021	31 March 2021	15 April 2021
February 2021	30 April 2021	17 May 2021
March 2021 **	31 May 2021	15 June 2021

* In the majority of cases, the data should be submitted via the Renewables and CHP Register. If you are unable to submit your data on the Register please do so to this email address by the deadlines noted above; renewable.outputdata@ofgem.gov.uk. If you need to speak to a member of the Renewables team directly, please call our dedicated helpline on **020 7901 7310**.

** Operators of micro-generating stations i.e. with a **declared net capacity of 50 kW or less** (or their agents) that have notified Ofgem that they want ROCs to be issued on an annual basis, must provide data for gross output and input electricity for the period, 01 April 2020 - 31 March 2021 by 31 May 2021 at the latest. Our generator and agent guidance documents, available on our website, provide further information on this. For individual micro-generating stations in NI we have [a step by step guide to submitting data](#) which will help you with this process.
