

**To: National Grid Gas Plc (company number 02006000) (the “licensee”)**

**Gas Act 1986  
Section 23(2)**

**Notice of statutory consultation on a proposal to modify Special Condition 5G of  
the Gas Transporter Licence held by National Grid Gas Plc**

1. The Gas and Electricity Markets Authority (‘the Authority’)<sup>1</sup> proposes to modify the special conditions of the Gas Transporter Licence held by National Grid Gas Plc (the “licensee”) granted or treated as granted under section 7 of the Gas Act 1986 by amending Part F of Special Condition 5G (Determination of Incremental Obligated Exit Capacity volumes and the appropriate revenue drivers to apply and the creation of Zero Licence Baseline Capacity Exit Points).
2. We are proposing this modification at the request of the licensee who wishes to add a new NTS exit point to Table 8: Licence Baseline Exit Capacity. NTS exit points must be included in the licence in order to allow the licensee to make baseline exit capacity available to National Transmission System (NTS) users.
3. The effects of this proposed modification is to add “Saltholme Power Station” as a new exit point to Table 8: Licence Baseline Exit Capacity, in Part F of Special Condition 5G. Saltholme Power Station is currently listed on the Zero Licence Baseline Exit Capacity Table and shall be removed from this table when this amendment to the licence is made, in accordance with Special Condition 5G.31 (D)(b).
4. A copy of the proposed modification and other documents referred to in this Notice have been published on our website ([www.ofgem.gov.uk](http://www.ofgem.gov.uk)). Alternatively they are available from [foi@ofgem.gov.uk](mailto:foi@ofgem.gov.uk).
5. Any representations with respect to the proposed licence modification must be made on or before 10 July 2020 to: Max Lambert by email to [max.lambert@ofgem.gov.uk](mailto:max.lambert@ofgem.gov.uk), or alternatively [Gas.TransmissionResponse@ofgem.gov.uk](mailto:Gas.TransmissionResponse@ofgem.gov.uk).
6. We normally publish all responses on our website. However, if you do not wish your response to be made public then please clearly mark it as not for publication. We prefer to receive responses in an electronic form so they can be placed easily on our website.
7. If we decide to make the proposed modification it will take effect not less than 56 days after the decision is published.

.....  
**David O’Neill**  
**Head of Gas Systems**  
**Duly authorised on behalf of the**  
**Gas and Electricity Markets Authority**

**12 June 2020**

<sup>1</sup> The terms “the Authority”, “we” and “us” are used interchangeably in this document.

**APPENDIX 1: Proposed Modification to Special Condition 5G, Part F: Determination of Incremental Obligated Exit Capacity volumes and the appropriate revenue drivers to apply and the creation of Zero Licence Baseline Capacity Exit Points**

Text added is shown as: double underscored
