Dear Jack,

Response from Electricity North West Ltd to Ofgem's proposal to modify the Regulatory Instructions and Guidance (RIGs) Annex F for RIIO-ED1

Thank you for the opportunity to respond to the proposed modifications to the Electricity Distribution Regulatory Instructions and Guidance (RIGs).

We have reviewed the proposed changes to the guidance on Guaranteed Standards of Performance within Annex F of the RIGs and are happy with the amendments to be made. The positive engagement during the working group stage of this process means that we have no additional comments on this consultation.

Please do not hesitate to contact me if you would like to follow up on any aspect of our response.

Yours sincerely,

Tom Selby
Regulation Manager
