**Electricity Act 1989
Section 11A(2)**

Modification of the amended standard conditions of the offshore electricity transmission licence held by WoDS Transmission plc

1. WoDS Transmission plc is the holder of an offshore electricity transmission licence ('the Licence') which has been granted or treated as granted under section 6(1)(b) of the Electricity Act 1989 ('the Act').
2. Under section 11A(2) of the Act the Gas and Electricity Markets Authority ('the Authority')¹ gave notice on 25 August 2020 ('the Notice') that we proposed to modify the following amended standard conditions ('ASC') of the Licence:
 - a. ASC E12-J1: Definitions and Interpretation;
 - b. ASC E12-J3: Restriction of Transmission Revenue: Allowed Pass-through Items; and
 - c. ASC E12-J9: Basis of Transmission Owner Charges
3. We stated that any representations to the modification proposal must be made on or before 24 September 2020.
4. A copy of the Notice was sent to the Secretary of State in accordance with section 11A(4)(b) of the Act, and we have not received a direction that the changes should not be made.
5. In total, the Authority issued seven notices proposing similar modifications to all existing offshore transmission ('OFTO') Licences (including that held by WoDS Transmission plc) on 25 August 2020. We received 11 responses to the notices, which we have carefully considered. We have placed all non-confidential responses on our website. Our response to these comments is set out in the accompanying Decision Letter.
6. It is necessary to make a number of minor alterations to the modifications set out in the Notice. These alterations are shown in yellow highlight in the accompanying Schedule 1. The reasons for the differences between the modifications set out in the Notice and the modifications reflected in Schedule 1 are to address minor issues raised in consultation responses, including the placement of the definition of 'Uninsurable', and to ensure consistency in the Licence drafting. These differences are addressed in further detail in the Decision Letter and do not change the reason for, or effect of, the modifications as set out in the Notice.
7. We are making these Licence modifications for the reasons set out in the Notice, and the effect of the modifications will be as described in the Notice.
8. Where an application for permission to appeal our decision is made to the Competition and Markets Authority ('CMA') under section 11C of the Act, Rule 5.7 of the Energy Licence Modification Appeals: Competition and Markets Authority Rules² requires that the appellant must send to any relevant licence holders who

are not parties to the appeal a non-sensitive notice setting out the matters required in Rule 5.2. The attached Schedule 2 provides a list of the relevant licence holders in relation to this modification. Section 11A(10) of the Act sets out the meaning of 'relevant licence holder'.

Under the powers set out in section 11A(1)(a) of the Act, we hereby modify the amended standard licence conditions for the offshore electricity transmission Licence held by WoDS Transmission plc in the manner specified in the attached Schedule 1. This decision will take effect from 14 January 2021.

This document with the accompanying Decision Letter is notice of the reasons for the decision to modify the offshore electricity transmission licence held by WoDS Transmission plc as required by section 49A(2) of the Act.

Schedule 1: Licence Modification

We have included the sections of the amended standard licence conditions we have decided to remove or amend below. Deletions are shown in strike through and new text is double underlined.

Amended Standard Condition E12–J1: Restriction of Transmission Revenue: Definitions

Insert the following definitions in amended standard condition E12-J1:

A. after the definition of "exceptional event" and before the definition of "incentive period y":

‘ "Force Majeure" means any event or circumstance which is beyond the reasonable control of the licensee including act of God, strike, lockout or other industrial disturbance, act of the public enemy, war declared or undeclared, threat of war, terrorist act, blockade, revolution, riot, insurrection, civil commotion, public demonstration, sabotage, act of vandalism, lightning, fire, storm, flood, earthquake, accumulation of snow or ice, lack of water arising from weather or environmental problems, explosion, governmental restraint, Act of Parliament, other legislation, bye law and Directive (not being any order, regulation or direction under sections 32, 33, 34 and 35 of the Act) and provided, for the avoidance of doubt, that weather conditions which are reasonably to be expected at the location of the event or circumstance are also excluded as not being beyond the reasonable control of the licensee.’

and

B. after the definition of "transmission service reduction" and before the definition of "unit":

‘ "Uninsurable" means that the Authority determines either that:

(a) Insurance is not available to the licensee in respect of all or part of its Transmission Assets in the Worldwide Offshore Transmission Asset Insurance Market with reputable insurers of good standing in respect of a Risk;
or

(b) the Insurance premium payable for insuring that Risk is at such a level that the Risk is deemed as not being insurable in the Worldwide Offshore Transmission Asset Insurance Market with reputable insurers of good standing.

Where:

(c) a "Risk" means the physical loss or damage requiring replacement or rectification of Transmission Assets,

which is caused by a Latent Defect resulting from material workmanship design plan or specification;

(d) "Insurance" means the indemnity which would normally be covered by an Operational All Risk insurance policy with a LEG 3/06 exclusion, or equivalent, which includes indemnity for the full cost of replacement or rectification of the Offshore Transmission Assets (but not improvement) rendered necessary by damage which is the consequence of a Latent Defect;

(e) a "Latent Defect" means a flaw in Offshore Transmission Assets, which:

i. is an actual defect in material workmanship design plan or specification, not the damage resulting from the defect; and

ii. existed but which would not have been apparent to an efficient licensee in the position of the licensee at the time the Offshore Transmission Assets were transferred to it;

(f) "LEG 3/06" means the London Engineering Group Unique Market Reference for the Model "Improvement" Defects Wording;

(g) "Worldwide Offshore Transmission Asset Insurance Market" means all insurers who, after an exhaustive search, would reasonably be understood by an efficient licensee, in the position of the licensee, to be participating in the business of insuring offshore transmission assets (to be determined by the Authority); and

(h) "Offshore Transmission Asset/s" means the transmission system to which the licensee's Offshore Transmission Owner Licence relates as set out in Annex B to amended standard condition E12-B1 (Transmission System Area) in the licensee's Offshore Transmission Owner Licence.

Amended Standard Condition E12-J3: Restriction of Transmission Revenue: Allowed Pass-through Items

1. The purpose of this condition is to provide for revenue adjustments to reflect certain costs that can be passed through to consumers as part of allowed transmission owner revenue.
2. For the purposes of paragraph 4 of amended standard condition E12–J2 (Restriction of Transmission Revenue: Revenue from Transmission Owner Services) PT_t is derived from the following formula:

$$PT_t = LF_t + RB_t + CEL_t + DC_t + IAT_t + TPD_t + TCA_t + MCA_t + CEA_t$$

where:

LF_t means the licence fee cost adjustment term, whether of a positive or of a negative value, and shall be determined in accordance with paragraph 3.

RB_t means the network rates cost adjustment term, whether of a positive or of a negative value, and shall be determined in accordance with paragraphs 4 and 5.

CEL_t means the Crown Estate Lease cost adjustment term, whether of a positive or negative value, and shall be determined in accordance with paragraph 6.

DC_t means the decommissioning cost adjustment term and shall be determined in accordance with paragraphs 7 to 13.

IAT_t means the income adjusting event revenue adjustment term, whether of a positive or of a negative value, and shall be determined in accordance with paragraphs 14 to 24.

TPD_t means the temporary physical disconnection payment term and shall be determined in accordance with paragraph 25.

TCA_t means the tender fee cost adjustment term and shall be determined in accordance with paragraph 26.

MCA_t means the Marine and Coastal Access Act 2009 cost adjustment term and shall be determined in accordance with paragraphs 27 to 33.

CEA_t means the contingent event revenue adjustment term and shall be determined in accordance with paragraphs 34 to 44.

Formula for the Licence Fee Cost Adjustment (LF_t)

3. For the purposes of paragraph 2, LF_t is an amount in respect of licence fee payments and means the amount equal to the payments made by the licensee, in the relevant year t , in accordance with its obligations set out in standard condition A4 (Payments to the Authority).

Formula for the Network Rates Cost Adjustment (RB_t)

4. For the purposes of paragraph 2, RB_t is an amount in respect of networks rates payments and means, subject to paragraph 5 of this condition, the amount equal to the rates payments made by the licensee in the relevant year t .
5. The licensee shall at the time of network rates revaluation use reasonable endeavours to minimise the costs that it will incur in respect of network rates.

Formula for the Crown Estate Lease Cost Adjustment (CEL_t)

6. For the purposes of paragraph 2, CEL_t is an amount equal to the payments made by the

licensee to the Crown Estate, in the relevant year t , in accordance with its obligations set out in its Crown Estate Lease in respect of the:

- (a) annual rent of the seabed; and
- (b) legal expenses of the Crown Estate for the preparation, negotiation and completion of the Crown Estate Lease.

Formula for the Decommissioning Cost Adjustment (DC_t)

7. Where the licensee considers, and can provide supporting evidence, that there will be additional costs and/or expenses in relation to the licensee's obligations with respect to decommissioning of the transmission system that has arisen due to a change in legislative requirements, then the licensee shall give written notice of this change to the Authority.
8. A notice provided to the Authority under paragraph 7 shall give particulars of:
 - (a) the change in legislative requirements to which the notice relates and the reason(s) why the licensee considers that it will face additional costs or expenses in complying with those obligations, and demonstrate that such costs and expenses are not included within the allowed transmission owner income;
 - (b) the expected amount of any change in costs and/or expenses that can be demonstrated by the licensee to be caused by the change in decommissioning requirements and how the amount of these costs and/or expenses has been calculated;
 - (c) the proposed amount of any allowed revenue adjustment proposed as a consequence of the change in decommissioning requirements and how this allowed revenue adjustment has been calculated; and
 - (d) any other analysis or information, which the licensee considers sufficient to enable the Authority to fully assess the change in legislative requirements to which the notice relates.
9. If the Authority considers that the analysis or information provided in sub-paragraphs 8(a) to 8(d) above is insufficient to enable the Authority to assess whether a change in decommissioning requirements has occurred and/or the amount of any allowed income adjustment that might be approved, the Authority can request that the supporting evidence be supplemented with additional information that it considers appropriate. If the Authority requests that the supporting evidence be supplemented with additional information, the licensee shall provide such information to the Authority within not more than one month of the Authority requesting such information.
10. A notice referred to in paragraph 7 shall be given as soon as is reasonably practicable after the occurrence of the change in requirements, and, in any event, not later than three months after the end of the relevant year in which it occurs.
11. The Authority shall determine:
 - (a) whether any or all of the costs and/or expenses given in a notice pursuant to paragraph 7 were caused by the change in legislative requirements;
 - (b) if so, whether the amount of the proposed income adjustment ensures that the financial position and performance of the licensee are, insofar as is reasonably

practicable, the same as if that change in legislative decommissioning requirements had not taken place, and if not, what allowed income adjustment would secure that effect; and

- (c) the periods, if any, over which the amounts should apply.
12. In relation to the relevant year t , the decommissioning cost adjustment term (DC_t) shall be:
- (a) the value determined by the Authority under paragraph 11 above; or
 - (b) if the Authority has not requested additional information under paragraph 9 and the Authority has not made a determination under paragraph 11 above within three months of the date on which notice given by the licensee was provided to the Authority, the amount of the allowed income adjustment proposed by the licensee in that notice given to the Authority; or
 - (c) if the Authority requests additional information under paragraph 9 and the Authority has not made a determination under paragraph 11 above within three months after receiving the additional information requested, the amount of the allowed income adjustment proposed by the licensee in the notice given to the Authority; or
 - (d) in all other cases the value zero, including situations where the Authority has not made a determination under paragraph 11 above within three months of the date on which notice given by the licensee provided to the Authority, or within three months of the date on which the Authority received additional information if requested under paragraph 9, and the Authority has, before the end of the appropriate three month period, informed the licensee that the Authority considers that the analysis or information provided in accordance with paragraphs 8 and/or 9 is insufficient to enable the Authority to assess whether additional costs or expenses have occurred and/or the amount of any allowed income adjustment.
13. The Authority's decision in relation to any notice given under paragraph 7 shall be in writing, shall be copied to the licensee and shall be in the public domain.

Formula for the Income Adjusting Event Revenue Adjustment (IAT_t)

14. Where the licensee considers, and can provide supporting evidence that, in respect of relevant year t , there have been costs and/or expenses that have been incurred or saved by an income adjusting event, then the licensee shall give written notice of this event to the Authority.
15. An income adjusting event in relevant year t may arise from any of the following:
- (a) an event or circumstance constituting ~~Force majeure~~ ~~under the STC~~;
 - (b) an event or circumstance resulting from an amendment to the STC not allowed for when allowed transmission owner revenues of the licensee were determined for the relevant year t ; and
 - (c) an event or circumstance other than listed above which, in the opinion of the Authority, is an income adjusting event and is approved by it as such in accordance with paragraph 21 of this licence condition,

where the event or circumstance has, for relevant year t , increased or decreased costs and/or expenses by more than £1,000,000 (the “~~STC~~ threshold amount”).

16. A notice provided to the Authority under paragraph 14 shall give particulars of:
- (a) the event or circumstance to which the notice relates and the reason(s) why the licensee considers this event or circumstance to be an income adjusting event;
 - (b) the amount of any change in costs and/or expenses that can be demonstrated by the licensee to have been caused or saved by the event or circumstance and how the amount of these costs and/or expenses has been calculated, including the extent to which the licensee has claimed or intends to claim under other routes of recourse for any costs and/or expenses arising out of or relating to the event or circumstance;
 - (c) the amount of any allowed income adjustment proposed as a consequence of that event or circumstance and how this allowed income adjustment has been calculated; and
 - (d) any other analysis or information, which the licensee considers sufficient to enable the Authority and the relevant parties to fully assess the event or circumstance to which the notice relates.
17. If the Authority considers that the analysis or information provided in sub-paragraphs 16(a) to 16 (d) (inclusive) above is insufficient to enable both the Authority and the relevant parties to assess whether an income adjusting event has occurred and/or the amount of any allowed income adjustment that should be approved, the Authority can make a request or requests that the supporting evidence be supplemented with additional information that it considers appropriate. If the Authority requests that the supporting evidence be supplemented with additional information, the licensee shall provide such information to the Authority within not more than one month of the Authority requesting such information or within such extended time as permitted by the Authority.
18. A notice of an income adjusting event shall be given as soon as is reasonably practicable after the occurrence of the income adjusting event, and, in any event, not later than three months after the end of the relevant year in which it occurs.
19. The Authority will make public, excluding any confidential information, any notice of an income adjusting event as soon as is reasonably practicable following its receipt.
20. Any notice submitted to the Authority under paragraph 14 above should clearly identify whether any of the information contained in the notice is of a confidential nature. The Authority shall make the final determination as to confidentiality having regard to:
- (a) the need to exclude from disclosure, so far as is reasonably practicable, information whose disclosure the Authority considers would or might seriously prejudicially affect the interests of a person to which it relates; and
 - (b) the extent to which the disclosure of the information mentioned in sub-paragraph 20(a) is necessary for the purposes of enabling the relevant parties to fully assess the event to which the notice relates.
21. The Authority shall determine (after consultation with the licensee and such other persons as it considers desirable):
- (a) whether any or all of the costs and/or expenses given in a notice pursuant to paragraph 14 were caused or saved by an income adjusting event;

(b) whether the event or circumstance has increased or decreased the costs and/or expenses given in the notice pursuant to paragraph 14 by more than the ~~STC~~ threshold amount; and

(c) if so:-

- i. subject to sub-paragraph (iii), whether the amount of the proposed income adjustment ensures that the financial position and performance of the licensee are, insofar as is reasonably practicable, the same as if that income adjusting event had not taken place, and if not, what allowed income adjustment would secure that effect; and. Such adjustment shall be:
 - a. where the income adjusting event relates to an Uninsurable event or circumstance, reduced by:
 - i. if the licence was granted on or before 28 November 2018, the amount of the insurance deductible set out in the invitation to tender questionnaire submitted in respect of this licence pursuant to the tender regulations ; or
 - ii. if the licence was granted after 28 November 2018, either £5 million or the insurance deductible set out in the invitation to tender questionnaire submitted in respect of this licence pursuant to the tender regulations, whichever is greater; and
 - b. for the avoidance of doubt, reduced by costs and/or expenses caused by the income adjusting event that are recovered by other routes of recourse available to the licensee, including, but not limited to, commercial arrangements;

unless, and to the extent that, the Authority has already applied such reductions to a previous income adjustment related to the same event or circumstance as that set out in the notice pursuant to paragraph 14;
- ii. (d) subject to sub-paragraph (iii), the periods, if any, over which the amounts should apply; and
- iii. where it is not yet possible to make a final determination under sub-paragraphs (c)(i) and (c)(ii) above, the Authority may direct a partial amount of income adjustment, if any, pending the final determination of amount, such final determination to be made as soon as is reasonably practicable.

22. In relation to the relevant year t, the allowed income adjustment (IAT_t) shall be:

- (a) the value, or relevant proportion of the value, determined by the Authority under paragraph 21 above; or
- (b) if the Authority has not requested additional information under paragraph 17 and the Authority has not made a determination under paragraph 21 above within three months (excluding the duration of any consultation under paragraph 21) of the date on which notice of an income adjusting event was provided to the Authority, the amount of the allowed income adjustment proposed as a consequence of the event in the

notice given to the Authority under paragraph 14; or

- (c) if the Authority requests additional information under paragraph 17 and the Authority has not made a determination under paragraph 21 above within three months (excluding the duration of any consultation under paragraph 21) after receiving the additional information requested, the amount of the allowed income adjustment proposed by the licensee in the notice given to the Authority; or
 - (d) in all other cases the value zero, including situations where the Authority has not made a determination under paragraph 21 above within three months (excluding the duration of any consultation under paragraph 21) of an income adjusting event, provided under paragraph 14, was provided to the Authority, or within three months (excluding the duration of any consultation under paragraph 21) of the date on which the Authority received additional information if requested under paragraph 17, and the Authority has, before the end of ~~the appropriate three month~~ that relevant period, , informed the licensee that the Authority considers that the analysis or information provided in accordance with paragraphs 16 and/or 17 is insufficient to enable the Authority to assess whether an income adjusting event has occurred and/or the amount of any allowed income adjustment.
23. The Authority's decision in relation to any notice given under paragraph 14 shall be in writing, shall be copied to the licensee and shall be in the public domain.
24. The Authority may amend or revoke an approval of an income adjusting event and allowed income adjustment with the consent of the licensee, following consultation with the licensee and relevant parties, and any such amendment or revocation of any income adjusting event and allowed income adjustment shall be in writing, shall be copied to the licensee and shall be in the public domain.

Formula for the Temporary Physical Disconnection Payment (TPD_t)

25. For the purposes of paragraph 2, TPD_t shall be an amount equal to the interruption payments made by the System Operator in the licensee's transmission system area and charged by the System Operator to the transmission licensee in accordance with the STC within each respective relevant year. Such costs shall include any financing or other costs such as to ensure that the financial position and performance of the licensee is, insofar as is reasonably practicable, the same as if those costs had not been incurred.

Formula for the Tender Fee Cost Adjustment (TCA_t)

26. For the purposes of paragraph 2, TCA_t shall be an amount representing the payments made to the Authority in accordance with The Electricity (Competitive Tender for Offshore Transmission Licences) Regulations 2013 with respect to the to the recovery of the Authority's tender costs. Where the payments have been made in relation to an application for the grant of more than one licence, the licensee shall attribute an appropriate proportion of the relevant payment made to the Authority.

Formula for the Marine and Coastal Act 2009 Cost Adjustment (MCA_t)

27. Where the licensee considers, and can provide supporting evidence, that there will be additional costs and/or expenses in relation to additional obligations imposed on the licensee with respect to the introduction of the Marine and Coastal Access Act 2009 requirements then the licensee may give written notice of these changes to the Authority.

28. A notice provided to the Authority under paragraph 27 shall give particulars of:
- (a) the additional obligations to which the notice relates and the reason(s) why the licensee considers that it will face additional costs or expenses in complying with those additional obligations, and demonstrate that such costs or expenses are not included within allowed transmission owner income;
 - (b) the expected amount of any change in costs and/or expenses that can be demonstrated by the licensee to be caused by the introduction of those new obligations under the Marine and Coastal Access Act 2009 and how the amount of these costs and/or expenses has been calculated;
 - (c) the proposed amount of any allowed revenue adjustment proposed as a consequence of the licensee incurring additional obligations in relation to the Marine and Coastal Access Act 2009 requirements and how this allowed revenue adjustment has been calculated; and
 - (d) any other analysis or information, which the licensee considers sufficient to enable the Authority to fully assess the additional obligations to which the notice relates.
29. If the Authority considers that the analysis or information provided in sub-paragraphs 28(a) to (d) above is insufficient to enable the Authority to assess the amount of any allowed income adjustment that might be approved, the Authority can request that the supporting evidence be supplemented with any additional information that it considers appropriate. If the Authority requests that the supporting evidence be supplemented with additional information, the licensee shall provide such information to the Authority within not more than one month of the Authority requesting such information.
30. A notice referred to in paragraph 27 shall be given as soon as is reasonably practicable after the new obligations imposed by the Marine and Coastal Access Act 2009 take effect, and, in any event, not later than three months after the end of the relevant year in which they occur.
31. The Authority shall determine:
- (a) whether any or all of the costs and/or expenses given in a notice pursuant to paragraph 27 were caused by the introduction of new obligations as a consequence of the Marine and Coastal Access Act 2009 requirements and not already incorporated within allowed transmission owner revenue;
 - (b) if so, whether the amount of the proposed income adjustment ensures that the financial position and performance of the licensee are, insofar as is reasonably practicable, the same as if that the additional obligations had not been implemented, and if not, what allowed income adjustment would secure that effect; and
 - (c) the periods, if any, over which the amounts should apply.
32. In relation to the relevant year t , the Marine and Coastal Act 2009 cost adjustment (MCA _{t}) shall be:
- (a) the value determined by the Authority under paragraph 31 above; or
 - (b) if the Authority has not requested additional information under paragraph 29 and the Authority has not made a determination under paragraph 31 above within three months of the date on which notice given by the licensee was provided to the

Authority, the amount of the allowed income adjustment proposed by the licensee in that notice given to the Authority; or

- (c) if the Authority requests additional information under paragraph 29 and the Authority has not made a determination under paragraph 31 above within three months after receiving the additional information requested, the amount of the allowed income adjustment proposed by the licensee in the notice given to the Authority; or
 - (d) in all other cases the value zero, including situations where the Authority has not made a determination under paragraph 31 above within three months of the date on which notice given by the licensee provided to the Authority, or within three months of the date on which the Authority received additional information if requested under paragraph 29, and the Authority has, before the end of the appropriate three month period, informed the licensee that the Authority considers that the analysis or information provided in accordance with paragraphs 28 and/or 29 is insufficient to enable the Authority to assess whether additional costs or expenses has occurred and/or the amount of any allowed income adjustment.
33. The Authority's decision in relation to any notice given under paragraph 27 shall be in writing, shall be copied to the licensee and shall be in the public domain.

Formula for a revenue adjustment in respect of a Contingent Event Revenue Adjustment Term (CEAt)

34. Where the licensee considers, and can provide supporting evidence, that in respect of relevant year t there have been costs and/or expenses that have been or will be incurred by the licensee under or in respect of any contingent event, then the licensee shall give written notice of the contingent event to the Authority (in respect of which, the licensee shall not also be entitled to serve a notice in respect of such costs and/or expenses under paragraph 15 of this amended standard condition).
35. A notice provided to the Authority under paragraph 34 shall give particulars of:
- (a) the relevant contingent event to which the notice relates;
 - (b) the extent to which, if at all, the licensee has claimed or intends to claim for any costs and/or expenses arising out of or relating to the relevant contingent event under other routes of recourse, including but not limited to commercial solutions available to it, including any warranties and/or indemnities;
 - (c) the amount of any change in costs and/or expenses that can be demonstrated by the licensee to have been or that will be incurred or suffered in connection with the relevant contingent event and how the amount of these costs and/or expenses has been calculated;
 - (d) the amount of any allowed revenue adjustment proposed as a consequence of the relevant contingent event, whether this allowed revenue adjustment is required for a one-off cost or for ongoing costs and how this allowed revenue adjustment has been calculated; and
 - (e) any other analysis or information, which the licensee considers sufficient to enable the Authority and the relevant parties to fully assess the relevant contingent event to which the notice relates.

36. If the Authority considers that the analysis or information provided in sub-paragraphs 35(a) to 35(e) (inclusive) above is insufficient to enable both the Authority and the relevant parties to assess the relevant contingent event and/or the amount of any allowed revenue adjustment that should be approved, the Authority can request that the supporting evidence be supplemented with additional information that it considers appropriate. If the Authority requests that the supporting evidence be supplemented with additional information, the licensee shall provide such information to the Authority within not more than one month of the Authority requesting the information, or within the period otherwise directed by the Authority.
37. A notice of a contingent event shall be provided as soon as is reasonably practicable after the occurrence of the relevant contingent event, and, in any event, not later than three months after the end of the relevant year in which it occurs.
38. The Authority will make public, excluding any confidential information, any notice of a contingent event following its receipt.
39. Any notice provided to the Authority under paragraph 34 should clearly identify whether any of the information contained in the notice is of a confidential nature. The Authority shall make the final determination as to confidentiality having regard to:
- (a) the need to exclude from disclosure, so far as is reasonably practicable, information whose disclosure the Authority considers would or might seriously prejudicially affect the interests of a person to which it relates; and
 - (b) the extent to which the disclosure of the information mentioned in sub-paragraph 39(a) is necessary for the purposes of enabling the relevant parties to fully assess the event or circumstance to which the notice relates.
40. The allowed revenue adjustment (CEA_t) for each relevant year t shall be:
- (a) the value determined by the Authority where the Authority determines that a contingent event has occurred (after consultation with the licensee and such other persons as it considers desirable) in accordance with the following provisions:
 - (i) the total amount of allowed revenue adjustment(s) over each relevant year t will allow the licensee to recover costs and/or expenses provided in a notice pursuant to paragraph 34 that:
 - (aa) were caused by the relevant contingent event;
 - (bb) were, or are expected to be, incurred economically and efficiently;
 - (cc) are net of all costs and/or expenses the licensee has claimed, or intends to claim, under other routes of recourse that the licensee has or ought to have available to it, including, but not limited to, warranties and indemnities.
 - (ii) the distribution of the total amount of allowed revenue adjustment(s) over relevant years shall take due account of the impact of any such distribution on the licensee (including consideration of the licensee's financial position as a result of any such distribution) and other relevant parties, and shall ensure that the licensee's financial position is, insofar

as is reasonably practicable, the same as if all allowed costs and/or expenses were recovered within the year(s) when the costs were incurred or are expected to be incurred; or

- (b) the value zero where the Authority determines that a contingent event has not occurred (after consultation with the licensee and such other persons as it considers desirable); or
 - (c) the value proposed by the licensee in the notice provided to the Authority under paragraph 34 where the Authority has not requested additional information under paragraph 36 and the Authority has not made a determination under sub-paragraph (a) or (b) of paragraph 40 within three months, or such other period that the Authority notifies to the licensee, of the date on which notice of a contingent event was provided to the Authority; or
 - (d) the value proposed by the licensee in the notice provided to the Authority under paragraph 34 where the Authority requests additional information under paragraph 36 and the Authority has not made a determination under sub-paragraph (a) or (b) of paragraph 40 within three months, or such other period that the Authority notifies to the licensee, after receiving the additional information requested; or
 - (e) the value zero in situations where the licensee fails to provide, within the relevant time period, additional analysis or information requested by the Authority under paragraph 36; or
 - (f) the value zero in all other cases, including situations where the Authority has not made a determination under sub-paragraphs 40 (a) or (b) within three months of the date on which the notice under paragraph 34 was provided to the Authority or within three months of the date on which the Authority received the additional information requested under paragraph 36 and the Authority has, before the end of the relevant three month period, informed the licensee that the Authority considers that the analysis or information provided in accordance with paragraphs 35 and/or 36 is insufficient to enable the Authority to assess the relevant contingent event and/or the amount of any allowed revenue adjustment.
41. The allowed revenue adjustment in relation to any notice provided under paragraph 34, set in accordance with paragraph 40, shall be in writing, shall be copied to the licensee and shall be in the public domain.
42. The Authority may revoke an approval of a contingent event and allowed revenue adjustment with the consent of the licensee, following consultation with the licensee and relevant parties, and any such revocation of any contingent event and allowed revenue adjustment shall be in writing, shall be copied to the licensee and shall be in the public domain.
43. Where the Authority directs a revenue adjustment under paragraph 40 and all costs and/or expenses have not been incurred in full, the Authority may retrospectively vary the allowed revenue adjustment following full assessment of costs and/or expenses incurred and whether these were economic and efficient. Any such change to the allowed revenue adjustment shall be in writing and shall follow consultation with the licensee and other and such other persons as the Authority considers desirable.

44. In this condition:

“contingent event”
