**5 June 2020**

Dear Nayar

I'm pleased to submit our National Grid Electricity Transmission Stakeholder Engagement Incentive submission 2019-20. This includes:

- The Stakeholder Engagement Incentive submission for National Grid Electricity Transmission Parts 1 & 2

The submission showcases our ongoing commitment to working with stakeholders and how this engagement continues to help shape our business strategy and activities.

We look forward to receiving the supplementary questions from the Panel in July 2020 and receiving comments on our submission.

Yours sincerely,

**Hédd Roberts**  
**Head of Customer & Stakeholder**  
**Electricity Transmission**
