Dear Kristian,

Preparing for the end of the transition period: Statutory consultation on consequential licence modifications due to the end of the transition period.

Thank you for the opportunity to respond to Ofgem's consultation. This response is made on behalf of Cadent Gas Limited ("Cadent") and can be published by Ofgem.

Cadent has reviewed Ofgem's proposed licence modification changes and have no objections to them. However, whilst reviewing the proposals and associated documents we have made an observation, highlighted below, that we hope you find useful when finalising the changes.

- **Reference to National Grid Gas Distribution Limited:**
 - In para 2 of Annex 8 – Gas Transport Licence, the proposal to modify the standard special conditions of the Gas Transporter Licence, it references 'National Grid Gas Distribution Limited' as a licensee in respect of the DN licence. National Grid Gas Distribution Limited was sold in April 2017 and became Cadent Gas Limited ("Cadent") in May 2017 accordingly, future statutory notices should be updated with the current company name.

Should you have any questions or wish to discuss this response, please do not hesitate to contact me.

Yours sincerely

Kirsty Scott
Regulatory Strategy Team, Cadent
