RIIO-2 NIA Governance Document – WWU response

Dear Graeme,

We welcome the opportunity to provide our views on the RIIO-2 NIA Governance Document Consultation.

The responses we provide in this document build on our significant participation across the RIIO-2 workgroups to date. We also thank you for the opportunity to shape this document through the working groups and for the engagement through GIGG with you and a number of your officials. We will continue to support further RIIO-2 workgroups through to the conclusion of this consultation process.

Our response is structured as follows:

1. This cover letter
2. A track change version of the consultation document

Our response is marked as not confidential and may be published in full. Should you have any queries on the responses please do not hesitate to contact me.

Yours sincerely

Sarah Williams
Director of Regulation
