Hello Graeme,

I hope you are well.

Please see below some comments from me on the NIA Governance document.

Section 4.2: It would be useful to explain here the contribution that would be required in projects delivered jointly by the two licensees.

Section 4.8: Can you add a clarification to the text to indicate whether the proportion of allowable internal spend would be calculated on a per project basis or based on the total NIA spend over the ED2 period?

Many thanks,

Yiango Mavrocostanti
