

## Renewables Obligation Certificate (ROC) Issue Schedule 2021/2022

Note: If an operator has problems submitting this data to Ofgem, within the timeframes below, we should be notified **before** the relevant date in Column A. If data for Renewable Obligation Certificates (ROCs) is submitted to Ofgem after the date shown in Column A it will be suspended and Ofgem will look to generators to provide reasons as to why the data was submitted late. In these cases, it is unlikely that ROCs will be issued by the date shown in column B.

<b>Month and year of generation</b>	<b>A/ Date by which ROC output data must be <b>received</b></b>	<b>B/ Date by which Ofgem intends to <b>issue</b> ROCs</b>
<b>April 2021</b>	30 June 2021	21 July 2021
<b>May 2021</b>	31 July 2021	23 August 2021

\* In the majority of cases, the data should be submitted via the Renewables and CHP Register. If you are unable to submit your data on the Register please do so to this email address by the deadlines noted above; [renewable.outputdata@ofgem.gov.uk](mailto:renewable.outputdata@ofgem.gov.uk). If you need to speak to a member of the Renewables team directly, please call our dedicated helpline on **020 7901 7310**.

\*\* Operators of micro-generating stations i.e. with a **declared net capacity of 50 kW or less** (or their agents) that have notified Ofgem that they want ROCs to be issued on an annual basis, must provide data for gross output and input electricity for the period, 01 April 2021 - 31 March 2022 by 31 May 2022 at the latest. Our generator and agent guidance documents, available on our website, provide further information on this. For individual micro-generating stations in NI we have [a step by step guide to submitting data](#) which will help you with this process.
