Dear Chiara,

[Consultation on Prohibition on Generating Guidance](#)

Thanks for the opportunity to respond to the consultation on the Prohibition on Generating Guidance (POGG). We have one observation at this stage.

The transposition of the Clean Energy Package in the [December 2020 licence changes](#) included the clarification that both Category A and B exceptions apply where the licensee “owns or operates” generation, rather than owns and / or operates. We don’t think this is reflected fully in the guidance, e.g. at clause 2.1, and should probably be reflected throughout where relevant.

Kind regards,

Rachel Kettles
