

Gas Network Innovation Competition Full Submission

Supplementary Answer Form

Project: _____

Tick if this answer has been provided verbally: ☐

Project code	NGGTGN03	Question Number	22
Question date	15/09/2015	Answer date	17/09/2015
Submission section question relates to	g) Robust methodology/ready to implement		
Topic	SDRCs		
Question	On SDRC 9.2 (second bullet related to distribution) is there a process for GDNs to verify this learning as it relates to them?		
Notes on question			
Answer	<p>The Distribution Networks will be consulted throughout the entire process. There will be an initial opportunity for the Distribution Networks to verify the accuracy and applicability to the of the information relating to distribution Legislation/Standards/Codes and specifications identified and documented during the first challenge and review session planned for 19/07/2016.</p> <p>There will be two further challenge and review sessions that will further ratify the accuracy of the information relating to distribution Legislation/Standards/Codes and specifications identified and documented.</p> <p>These challenge and reviews sessions will be structured as a 1/2 day workshop where all the Distribution Networks will be invited. We will present our information of each stage and offer up the chance for the Networks to challenge/comment. The product of these sessions will subsequently feed into the following stages of the project and contribute to the overall dissemination of learning amongst the Network Licensees.</p>
