Question	Following on from Q&A 6. Will funding for any additional cost as a result of streetworks come from the NIC funding or as part of totex?		
Notes on question			
Answer	<p>All streetworks funding relating to the project will be accounted for under the requested NIC funding.</p> <p>The statement made in question 6 relating to 'planning activities that happen on a daily basis' was intended to reinforce confidence that SGN are experienced and highly competent at conducting streetworks activities.</p> <p>No allowance or provision for these project specific streetworks has been made under this price control period and there will be no 'direct benefits' as defined in the NIC governance document.</p>
