| Question | Please can you clarify how the benefits in the appendix should be interpreted. Are they the benefits per annum, or the cumulative benefits from the start of the project? | | |
| Notes on question | | | |
| Answer | <p>The benefit summary tables (Appendix 1) are showing the annual benefit based on our interpretation of the full submission spreadsheet and submission guidance document. These reflect the annual benefits at both a project scale and at GB scale.</p> <p>We can convert it into a cumulative benefit format over the weekend and send an electronic copy and/or bring a copy (or copies) with us to the bilateral, if you feel this would be beneficial.</p> | | |
