Re: Response for Ofgem – Technical Requirements Consultation

Dear Claire

RWE npower welcomes the opportunity to respond to your e mail of the 2nd November 2015. Specifically we were asked to consider the following:

- 1. Lifetimes for wall insulation measures without an appropriate guarantee; and**
- 2. Technical monitoring re-inspections.**

Our responses and observations can be summarised as follows:

We do not support any avenue that would allow wall measures NOT to carry an appropriate insurance backed guarantee and remote technical monitoring re-inspections should only be considered for heating measures as referred to in Appendix 1 of the consultation.

Should you have any further queries please do not hesitate to contact me

Yours sincerely,

Lucy Dunlop
