

Feed-in Tariff Deployment Caps Monthly report for February 2016

Please be aware the following tables do not consist of real-time information. They are updated on a monthly basis. The information for each tariff period is verified once the tariff period has ended, which means these figures may change when the report for the entire tariff period is published.

Deployment Caps Figures

Table 1 shows the capacity deployed¹ per technology and capacity band in the tariff period 08 February – 31 March 2016.
