

To: All holders of an electricity supply licence

**Electricity Act 1989
Section 11A(2)**

Notice of statutory consultation on a proposal to modify the standard conditions of all electricity supply licences

1. The Gas and Electricity Markets Authority ('the Authority')¹ proposes to modify the standard conditions of all electricity supply licences granted or treated as granted under section 61(d) of the Electricity Act 1989 by amending Standard Licence Conditions:
 - 1 (Definitions of standard conditions);
 - 22A (Unit Rate, and Standing Charge and Tariff Name requirements)
 - 22C (Fixed Term Supply Contracts);
 - 22CA (Transitional provisions for standard condition 22C covering end of fixed term notices and rollovers);
 - 22CB (Transitional provisions for certain existing Fixed Term Supply Contracts);
 - 22D (Dead Tariffs)
 - 22E (Unmetered Supply Arrangements)
 - 22F (Bespoke Heating System Arrangements)
 - 23 (Notification of Domestic Supply Contract terms)
 - 25 (Marketing Electricity to Domestic Customers)
 - 31A (Bills, statements of account and Annual Statements)
 - 31B (Tariff Information Label);
 - 31C (Tariff Comparison Rate);

2. We are proposing these modifications for a number of reasons. Firstly to implement new principles to help consumers make informed choices and to amend rules governing sales and marketing activities in line with our vision of future retail regulation. Other changes relate to the Tariff Comparison Rate (which we are proposing to remove) and the Tariff Information Label (which we are proposing to amend) and are consequential to changes previously made to the tariff rules in the supply licence². Finally we propose to remove SLC 22CA and 22CB following responses to our earlier policy consultation³ which have highlighted that these licence conditions are obsolete.

3. The effect of these proposed modifications is to enable consumers to make informed choices about their energy supply and to ensure that suppliers and their representatives conduct fair sales and marketing. Both of aspects are fundamental to our vision of a healthy retail energy market. Another intended effect is to make the licence more accessible for suppliers and other stakeholders, which in part is achieved through moving to more principles-based regulation and removing unnecessary prescription and obsolete rules. A more detailed description of the reasons and effect of the proposed licence changes can be found in the accompanying document to this statutory consultation, which is available at: <https://www.ofgem.gov.uk/publications-and-updates/statutory-consultation-enabling-consumers-make-informed-choices>

6. We normally publish all responses on our website. However, if you do not wish your response to be made public then please clearly mark it as not for publication. We prefer to receive responses in an electronic form so they can be placed easily on our website.
7. If we decide to make the proposed modifications they will take effect not less than 56 days after the decision is published.

Annex 1: Proposed changes to the Standard conditions of electricity supply licence

We have included the sections of the SLCs we propose to remove or amend below. For SLC 1 only, we have excluded definitions that we do not propose to change. Deletions are shown in strike through and new text is double underlined. Paragraphs deleted from licence conditions will show the following text 'Not Used' in order to keep the existing numbering.

- (a) all of the following requirements are satisfied:

- (a) the Relevant Charge is subject to value added tax;
- (b) there has been a change in the rate of value added tax that is chargeable in respect of the Relevant Charge; and
- (c) the licensee varies the amount of the Relevant Charge only in order to fully reflect the rate of value added tax that is chargeable in respect of that Relevant Charge.

22C.11B Paragraph 22C.9 does not apply where all of the following requirements are satisfied:

- (a) the licensee is only increasing the Charges for the Supply of Electricity and/or unilaterally varying any other terms and conditions in any way which is to the disadvantage of a Domestic Customer in order to move a Domestic Customer from one payment method to another ('the power to change payment methods');
- (b) the power to change payment methods is only exercised on the grounds that the Domestic Customer has Outstanding Charges and/or has failed to comply with terms and conditions relating to a payment method;
- (c) the power to change payment methods and the precise circumstances when that power will be exercised are set out in the Domestic Supply Contract in a prominent position and in plain and intelligible language; and

~~22C.4A This paragraph applies where a fixed term period of a Fixed Term Supply Contract is due to end on a date which occurs after the end of the period set out in 22C.3A(a) and (b).~~

~~22CA.3 Until 49 days after the Specified Date, paragraph 22C.5 of standard condition is replaced with:~~

~~22C.5 In relation to any Fixed Term Supply Contract, the licensee may only extend the duration of that Contract for a further fixed term period (with or without any changes to other terms and conditions, including the Charges for the Supply of Electricity) if:~~

~~(a) the licensee has complied with:~~

~~(i) sub-paragraphs 22C.3(a) and 22C.3(c) (as inserted by virtue of paragraph 22CA.1); or~~

~~Definitions for condition~~

~~22CA.5 In this condition, "Specified Date" means on and from 31 March 2014.~~

~~Condition 22CB. Transitional provisions for certain existing Fixed Term Supply Contracts~~

=

~~22CB.1 For the purposes of this condition a "Transitional Fixed Term Contract" is a Fixed Term Contract which continues to exist on or after the date this condition has effect and:~~

- ~~(a) which was entered into before 1 May 2013 (and the duration of any terms and conditions were not extended in any way before 15 July 2013); or~~
- ~~(b) which was available to Domestic Customers before 1 May 2013 and was entered into by a Domestic Customer before 15 July 2013 (and the duration of any terms and conditions were not extended in any way before 15 July 2013); or~~
- ~~(c) which was entered into before 1 May 2013 and the duration of any terms and conditions of which were extended in any way before 15 July 2013.~~

=

~~22CB.3 In respect of a Transitional Fixed Term Contract, the licensee is not required to comply with:~~

- ~~(a) standard condition 22A;~~
- ~~(b) (not used); and~~
- ~~(c) paragraph 22C.9 of standard condition 22C (including for the purposes of paragraphs 22C.13, 22C.13A and 22C.14).~~

~~22CB.4 In respect of a Transitional Fixed Term Contract which has different Unit Rates that apply to different levels of consumption, any requirement in a standard condition to use, provide or display information in respect of only one Unit Rate is to be read as a requirement to use, provide or display (as the case may be) information in respect of all of the Unit Rates that apply to different levels of consumption along with information specifying the levels of consumption which apply to each Unit Rate.~~

~~22CB.5 The licensee must take all reasonable steps to ensure that Domestic Customers which are subject to a Transitional Fixed Term Contract are not at a significant disadvantage to other Domestic Customers when they:~~

~~"Transitional Fixed Term Contract" is to be interpreted in accordance with paragraph 22CB.1.~~

Condition 22D. Dead Tariffs

Prohibition on Dead Tariffs

22D.1 Subject to paragraphs 22D.2 to 22D.22, and without prejudice to a Fixed Term Supply Contract, the licensee must only use (or, where there are any Affiliate Electricity Licensees, the licensee and any Affiliate Electricity Licensees must collectively or individually only use) Live Evergreen Tariffs.

Exception for the withdrawal of Live Evergreen Tariffs

22D.1A Where the licensee wishes to withdraw a Live Evergreen Tariff, the licensee may treat that Live Evergreen Tariff as a Dead Tariff (a "Transitional Dead Tariff") for a period of 49 days (the "Transitional Period") in order to ensure that all the Domestic Customers which are subject to that Transitional Dead Tariff become subject to a Live Evergreen Tariff or Live Fixed Term Tariff.

22D.1B Without prejudice to paragraph 23.6 of standard condition 23 (treating a price increase or variation as ineffective), where the licensee has a Transitional Dead Tariff pursuant to paragraph 22D.1A, the licensee must ensure (in a way that is compatible with standard licence conditions and legislation) that all the Domestic Customers which are subject to that Transitional Dead Tariff become subject to a Live Evergreen or Live Fixed Term Tariff by the end of the Transitional Period.

22D.1C Paragraphs 22D.2 to 22D.22 do not apply in respect of a Transitional Dead Tariff.

Exception to prohibition on Dead Tariffs

22D.2 Subject to paragraphs 22D.5 to 22D.19, where paragraph 22D.3 or 22D.4 applies, the licensee may continue to supply a Domestic Customer using a Dead Tariff which existed before the date paragraph 22D.1 takes effect.

Dead Tariff is already compliant and would be cheaper than or as cheap as Relevant Cheapest Evergreen Tariff

22D.3 This paragraph applies where the Dead Tariff:

(a) already fully complies with the requirements of standard condition 22A; and

- (b) would be cheaper than or as cheap as the licensee's Relevant Cheapest Evergreen Tariff for the particular Domestic Customer.

Dead Tariff could be changed to become compliant and would be cheaper than or as cheap as Relevant Cheapest Evergreen Tariff

22D.4 This paragraph applies where:

- (a) the licensee has the ability to unilaterally change the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff;
- (b) the licensee will be able to ensure that the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are unilaterally changed to fully comply with the requirements of standard condition 22A in a manner which seeks to ensure that:
 - (i) any changes to the terms and conditions are the minimum necessary to achieve full compliance; and
 - (ii) the terms and conditions are as similar as possible to the terms and conditions which currently apply in respect of the Dead Tariff; and
- (c) if, in the event the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff were changed to fully comply with the requirements of standard condition 22A in the manner described in sub-paragraph 22D.4(b), the licensee will be able to ensure that the Dead Tariff remains a single Tariff and is not subdivided into two or more Tariffs; and
- (d) if, in the event the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff were changed to fully comply with the requirements of standard condition 22A in the manner described in sub-paragraph 22D.4(b), the Dead Tariff would be cheaper than or as cheap as the licensee's Relevant Cheapest Evergreen Tariff for the particular Domestic Customer.

Requirements to change the terms and conditions that apply to a Dead Tariff and give Notice to Domestic Customers

22D.5 Where pursuant to paragraph 22D.2 the licensee has decided to continue to supply a particular Domestic Customer using a Dead Tariff, and it is necessary for the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff to be changed to fully comply with the requirements of standard condition 22A, it must during the Dead Tariffs Window:

- (a) ensure that the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are unilaterally changed to fully comply with the requirements of standard condition 22A in the manner described in sub-paragraph 22D.4(b);
- (b) ensure that, by changing the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff to fully comply with the requirements of standard condition 22A, the Dead Tariff remains a single Tariff and is not subdivided into two or more Tariffs;

- (c) ensure that the particular Domestic Customer is given a Notice at least 30 days in advance of the date the changes to the Dead Tariff are due to take effect which:
- (i) without prejudice to SLC 22D Exempt Information, does not include any other information and is not to be provided in conjunction with any other information, including (but not limited to) a Bill, statement of account, Annual Statement or marketing material;
 - (ii) contains a prominent title which clearly highlights that the Notice relates to changes to the Domestic Customer's Dead Tariff;
 - (iii) sets out the changes to terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff which are taking place in a manner which compares the changes with the terms and conditions which currently apply in respect of the Dead Tariff (showing any Charges for the Supply of Electricity and any other charges inclusive of value added tax at the applicable rate);
 - (iv) sets out the main reasons for why the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are taking place;
 - (v) includes the following statement, presented in a manner which is readily distinguishable from the other text presented in the Notice: "Remember – it might be worth thinking about switching your tariff or supplier";
 - (vi) sets out the date the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are due to take effect;
 - (vii) informs the Domestic Customer that he may end the Domestic Supply Contract if the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff are unacceptable to him by changing his Electricity Supplier or entering into a new contract with his Electricity Supplier;
 - (viii) informs the Domestic Customer where he may obtain impartial advice and information about changing his Electricity Supplier;
 - (ix) informs the Domestic Customer that where he has any Outstanding Charges, his Electricity Supplier may be able to prevent a Proposed Supply Transfer;
 - (x) explains the effect of paragraphs 22D.12 to 22D.15 in terms of how the Domestic Customer may be able to take steps to avoid the changes to the terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff (including by indicating that the Domestic Customer would need to enter into a new contract with either his Electricity Supplier or another Electricity Supplier as soon as possible to facilitate this process);
 - (xi) ~~(not used) informs the Domestic Customer of their Tariff Comparison Rate for the Dead Tariff (in respect of the Dead Tariff that would apply after the changes are due to be made);~~

- (xii) where the licensee is increasing the Charges for the Supply of Electricity for the Dead Tariff by increasing any Unit Rate or Standing Charge (including, where applicable, where the licensee is making any reduction in the amount of a Discount which is applied to a Unit Rate or Standing Charge), must provide the Domestic Customer with the following information:
 - (1) their Estimated Annual Costs using their current Charges for the Supply of Electricity;
 - (2) their Estimated Annual Costs using the new Charges for the Supply of Electricity; and
 - (3) the amount in pounds sterling of the difference between (1) and (2);
- (xiii) informs the Domestic Customer of the following information:
 - (1) the Exact Tariff Name for the Tariff that applies to the Domestic Customer; and
 - (2) the Exact Payment Method that applies to the Domestic Customer;
- (xiv) must inform the Domestic Customer of:
 - (1) the Exact Tariff Name of their Relevant Cheapest Tariff and their Estimated Annual Savings; and
 - (2) the Exact Tariff Name of their Alternative Cheapest Tariff and their Estimated Annual Savings; and
- (xv) where the licensee is increasing the Charges for the Supply of Electricity of the Dead Tariff by increasing any Unit Rate or Standing Charge (including, where applicable, where the licensee is making any reduction in the amount of a Discount which is applied to a Unit Rate or Standing Charge), must inform the Domestic Customer of his Annual Consumption Details and display that information in kilowatt hours under a title which clearly highlights that the information relates to the Domestic Customer's estimated annual consumption;
- (xvi) in close proximity to the information required by sub-paragraph 22D.5(c)(xii), must include a brief statement explaining what is included in the Estimated Annual Costs, including, but not limited to, value added tax (and, where the Domestic Customer is subject to a Warm Home Discount, the licensee may also include a brief statement to the effect that a Warm Home Discount is not included);
- (xvii) in close proximity to the information required by sub-paragraph 22D.5(c)(iii), must include a statement to the effect that value added tax (at the applicable rate) is included in any Charges for the Supply of Electricity and any other charges which are subject to value added tax and that this may be different to the way such charges are displayed on a Bill or statement of account;
- (xviii) contains, in a separate part of the Notice, the Principal Terms of:

- (1) the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the original Dead Tariff; and
- (2) the Evergreen Supply Contract (or, as the case may be, Deemed Contract) for the Dead Tariff (in respect of the Dead Tariff that would apply after the changes are due to be made).

Requirements to ensure Domestic Customers become subject to the Relevant Cheapest Evergreen Tariff

22D.6 Unless paragraph 22D.8 applies, where the licensee has decided not to continue to supply a Domestic Customer using a Dead Tariff or is unable to do so by virtue of a requirement of this condition, it must ensure during the Dead Tariffs Window, in a way that is compatible with standard licence conditions and legislation, that the Domestic Customer becomes subject to the licensee's Relevant Cheapest Evergreen Tariff.

Annual reassessment of Dead Tariffs

22D.7 Where pursuant to paragraph 22D.2, the licensee has decided to continue to supply a Domestic Customer using a Dead Tariff, it must:

- (a) reassess each year during the Annual Assessment Period whether the Dead Tariff is cheaper than or as cheap as the licensee's Relevant Cheapest Evergreen Tariff for the particular Domestic Customer; and
- (b) only continue to supply the Domestic Customer using the Dead Tariff if that Tariff is cheaper than or as cheap as the licensee's Relevant Cheapest Evergreen Tariff for the particular Domestic Customer.

22D.8 Where pursuant to paragraph 22D.7, the licensee is unable to continue to supply the Domestic Customer using the Dead Tariff or otherwise does not wish to continue to supply the Domestic Customer using the Dead Tariff, the licensee must ensure, in a way that is compatible with standard licence conditions and legislation, that the Domestic Customer becomes subject to the licensee's Relevant Cheapest Evergreen Tariff on or before the Completion Date.

 - (i) the changes to terms and conditions of the Evergreen Supply Contract (or, as the case may be, Deemed Contract) in respect of the Dead Tariff which are taking place in a manner which compares the changes with the terms and conditions which currently apply in respect of the Dead Tariff (showing any Charges for the Supply of Electricity and any other charges inclusive of value added tax at the applicable rate);

- (b) has agreed a mutual variation with a Domestic Customer (in accordance with standard condition 23A).

Requirements for Deemed Contracts

22D.11 Where the licensee is terminating the Evergreen Supply Contract that is subject to a Dead Tariff in order to ensure that the Domestic Customer would become subject to their Relevant Cheapest Evergreen Tariff on the basis of a Deemed Contract (in the event that the Domestic Customer continued to consume electricity), the licensee must ensure that the terms and conditions of the Deemed Contract are the same as the Evergreen Supply Contract for the Relevant Cheapest Evergreen Tariff (excluding any terms and conditions of the Deemed Contract (other than the Charges for the Supply of Electricity) which are different because of an express prohibition or express requirement contained in a standard licence condition).

Continuation of Dead Tariffs for interim period

22D.12 Where paragraph 22D.13 applies, the licensee must ensure that a Domestic Customer will continue to be subject to the same Charges for the Supply of Electricity and the same terms and conditions that applied to the Dead Tariff until they have changed their supplier.

22D.14 Where paragraph 22D.15 applies, the licensee must ensure that a Domestic Customer will continue to be subject to the same Charges for the Supply of Electricity and the same terms and conditions that applied to the Dead Tariff until a new Domestic Supply Contract with the licensee comes into effect.

22D.15 This paragraph applies where a new Domestic Supply Contract comes into effect no later than 20 Working Days after (but not including) the date on which the Domestic Evergreen Supply Contract (or, as the case may be Deemed Contract) that was subject to the Dead Tariff was to terminate or be changed in order for the Domestic Customer to become subject to the licensee's Relevant Cheapest Evergreen Tariff.

 - (iii) providing for a specific form of protection for a particular Domestic Customer in any circumstances; and
- (i) any provisions of standard condition 22D specified in directions, which following consultation, the Authority may issue and may from time to time revise (following further consultation).

22D.17 The licensee must not enforce or take advantage of any term of a Domestic Supply Contract if:

- (a) the inclusion of that term is incompatible with standard condition 22D; or
- (b) the enforcement or the taking advantage of that term would be so incompatible.

Power to direct restrictions on information included on or with a Notice issued pursuant to paragraph 22D.9

22D.18 Subject to paragraph 22D.19, the licensee must comply with any directions relating to SLC 22D Information Restrictions which, following consultation, the Authority may issue and may from time to time revise (following further consultation).

22D.19 Unless the licensee otherwise consents, a direction under paragraph 22D.18 will only take effect after the Authority has given the licensee at least two months Notice.

Guidance

22D.20 The licensee must have regard to any guidance on standard condition 22D (including in respect of definitions which appear in standard condition 1) which, following consultation (which may be conducted before this condition takes effect), the Authority may issue and may from time to time revise (following further consultation).

Exception to compliance with condition
