Dear Andrew,

DCC Price Control Consultation: Regulatory Year 2015/16

Thank you for the invitation to share our views on this consultation. Good Energy is a fast-growing 100% renewable electricity supply company, offering value for money and award-winning customer service. An AIM-listed PLC, our mission is to support change in the energy market, address climate change and boost energy security.

Upon receiving the consultation, we examined and concluded conformingly the proposed charges and considered them to be fair.

We would welcome future considerations through a consultation of future proposed charges to ensure they are transparent and not disproportionate.

I hope you find this response useful. If you have any questions, please do not hesitate to contact me.

Kind Regards,

Peter Berry
