

Annex 1 – Open letter consultation on the Incentive of Connections Engagement

- 1.1. We would like to hear the views of interested parties in relation to any of the issues set out in our open consultation letter.
- 1.2. We would especially welcome responses to the specific questions in our consultation, which are replicated below.
- 1.3. If you have any questions on this document please contact:

James Veaney
Head of Connections and Constraint Management
Ofgem, 9 Millbank, London, SW1P 3GE
020 7901 1861
Connections@Ofgem.gov.uk
- 1.4. **Responses should be sent, preferably by e-mail by 27 July 2017 to the address above.**
- 1.5. Unless marked confidential, all responses will be published by placing them in Ofgem's library and on its website www.ofgem.gov.uk. Respondents may request that their response is kept confidential. Ofgem shall respect this request, subject to any obligations to disclose information, for example, under the Freedom of Information Act 2000 or the Environmental Information Regulations 2004.
- 1.6. Respondents who wish to have their responses kept confidential should clearly mark the document/s to that effect and include the reasons for confidentiality. Respondents are asked to put any confidential material in the appendices to their responses.
- 1.7. Next steps: We will consider the responses to this consultation and these will be used alongside other evidence for our assessment of the ICE plans.
- 1.8. Each of the questions asked by this consultation is set out in the template below.
- 1.9. Please ensure that you **indicate the DNO group or specific licence area** to which your experiences relate.
- 1.10. Please ensure that you indicate clearly the type of connection you generally require.
- 1.11. When considering your responses to these questions, please consider your experiences, the actions that the DNO has undertaken or committed to undertake, and the actions that you consider it could reasonably undertake.

Response template – Incentive on Connections Engagement June 2017

Question	Response																												
About you and your work																													
1. What is the name of your company?	Wokingham Borough Council																												
2. Which DNO's ICE submission is your response related to (see Annex 2 for DNO map)? Please indicate clearly in your response to the questions below whether your comments refer to the DNO's plans as a whole, or to one of the DNO's licence areas. If you wish to provide a response to the ICE submission of more than one DNO, please use a separate template for each DNO.	Scottish & Southern Electricity Networks																												
3. What type of connection do you generally require? And for each type of connection, how many connection applications, including total MVA (Mega Volt Ampere) of connections have you made in the past year? Please note that we will assess storage within the relevant metered generation market segment.	<table border="1"> <thead> <tr> <th colspan="2">Type of connection</th><th>Total number of connections</th><th>Total MVA of connections</th></tr> </thead> <tbody> <tr> <td rowspan="4">Metered Demand Connections</td><td>Low Voltage (LV) Work</td><td></td><td></td></tr> <tr> <td>High Voltage (HV) Work</td><td></td><td></td></tr> <tr> <td>HV and Extra High Voltage (EHV) Work</td><td></td><td></td></tr> <tr> <td>EHV work and above</td><td></td><td></td></tr> <tr> <td rowspan="2">Metered Distributed Generation (DG)</td><td>LV work</td><td></td><td></td></tr> <tr> <td>HV and EHV work</td><td></td><td></td></tr> <tr> <td>Unmetered Connections</td><td>Local Authority (LA) work</td><td>Approx 4,500 per annum street lighting transfers of existing supply through ICP</td><td></td></tr> </tbody> </table>	Type of connection		Total number of connections	Total MVA of connections	Metered Demand Connections	Low Voltage (LV) Work			High Voltage (HV) Work			HV and Extra High Voltage (EHV) Work			EHV work and above			Metered Distributed Generation (DG)	LV work			HV and EHV work			Unmetered Connections	Local Authority (LA) work	Approx 4,500 per annum street lighting transfers of existing supply through ICP	
Type of connection		Total number of connections	Total MVA of connections																										
Metered Demand Connections	Low Voltage (LV) Work																												
	High Voltage (HV) Work																												
	HV and Extra High Voltage (EHV) Work																												
	EHV work and above																												
Metered Distributed Generation (DG)	LV work																												
	HV and EHV work																												
Unmetered Connections	Local Authority (LA) work	Approx 4,500 per annum street lighting transfers of existing supply through ICP																											

			(Volker Highways 2 year LED Upgrade Project) and small number (50?) transfers of street lighting supply or new connections through term manintenance contractor (Balfour Beatty)	
		Private finance initiatives (PFI) Work		
		Other work		

Consultation questions

Section 1: Looking Back report 2016-17

We want your views on how well the DNOs have performed over the last year

1. Are you satisfied that the DNO had a comprehensive and robust strategy for engaging with connections stakeholders? Do you consider that the DNO implemented its strategy? If not, are you satisfied that the DNO has provided a reasonable and well-justified explanation?	<p>I have been invited to various engagement sessions but unfortunately I have been unable to attend due to workload and location of sessions etc. however I don't believe I have recived the regular newsletter.</p> <p>I wasn't aware theat there was requirement for them to have created this particular strategy but it appears that SSE have met the requirement.</p>
2. Are you satisfied that the DNO had a comprehensive work plan of activities (with associated delivery dates) to meet the requirements of its connections stakeholders? Do you consider that the DNO delivered its work plan? If not, are you satisfied that the DNO has provided a	Unable to comment as not aware.

reasonable and well-justified explanation?	
3. Do you consider that the DNO's work plan provided relevant outputs (eg key performance indicators, targets etc.)? Are you satisfied that the DNO has delivered these outputs? If not, do you view the reasons provided to be reasonable and well justified?	Unable to comment as not aware.
4. Do you agree that the DNO's strategy, activities and outputs have taken into account ongoing feedback from a broad and inclusive range of connections stakeholders? If not, has the DNO provided reasonable justification?	Unable to comment as not aware.
The following two questions refer to the specific areas we discuss in our letter – meeting the needs of all types of connections customers, and connecting when the networks are constrained.	
5. Do you consider that the DNO's activities and outputs over the past year were adequate in meeting the needs of all types of connection customers, including the particular needs of newer types of connection customers?	Unable to comment as not aware.
6. Do you consider that the DNO's activities and outputs over the past year were adequate in meeting the needs of customers looking to connect when the networks are constrained?	Unable to comment as not aware.
Section 2: Looking Forward plans 2017-18	
We want your views on what the DNOs aim to achieve in the coming year	
7. Are you satisfied that the DNO has a comprehensive and robust strategy for engaging with connection stakeholders	It would appear that they have.

and facilitating joint discussions where appropriate?	
8. Do you agree that the DNO has a comprehensive work plan of activities (with associated delivery dates) that will meet the requirements of its connection stakeholders? If not, has the DNO provided reasonable and well-justified reasons? What other activities should the DNOs do?	It would appear that they have.
9. Do you consider that the DNO has set relevant outputs that it will deliver during the regulatory year (eg key performance indicators, targets, etc.)?	I am not aware of the specific targets.
10. Would you agree that the DNO's proposed strategy, activities and outputs have been informed and endorsed by a broad and inclusive range of connection stakeholders? If they have not been endorsed, has the DNO provided robust evidence that it has pursued this?	Unable to comment as not aware.
The following two questions refer to the specific areas we discuss in our letter – meeting the needs of all types of connections customers, and connecting when the networks are constrained.	
11. Do you consider that the DNO's planned activities and outputs will be sufficient to meet the needs of all types of connection customers, including the particular needs of newer types of connection customers? What other activities should the DNO undertake in this area?	Unable to comment as not aware.
12. Do you consider that the DNO's planned activities and outputs will be sufficient to meet the needs of customers looking to connect when the networks are constrained? What other activities should the DNO undertake in this area?	Unable to comment as not aware.
