

# Energy Company Obligation

Monthly Update

August 2017

Issue 26

Dear Stakeholder

## Read on for August's ECO updates

- August's ECO newsletter includes a [link](#) to the slides from the ECO delivery group held last month.
- We also include a [link](#) to the updated Installers and Industry Frequently Asked Questions.
- Finally, we include our usual links to the latest [ECO delivery data](#), and [Department for Business, Energy and Industrial Strategy \(BEIS\) statistics](#).

## Latest news and updates

### [ECO2 progress reports](#)

Our monthly [ECO2 progress reports](#) show delivery against suppliers' ECO2 targets.

The latest monthly update shows that 11,712 boiler replacement measures have been approved under ECO2, from April 2015 to the end of June 2017.

[View the charts](#)

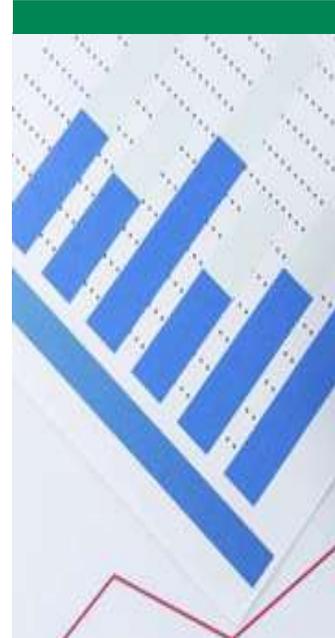

### [ECO delivery group meeting](#)

We have published the [slides](#) from the ECO delivery group meeting hosted by the Department for Business, Energy and Industrial Strategy (BEIS) last month.

This group is alternately chaired by BEIS and Ofgem and aims to provide a forum to share good practice and ideas and highlight delivery issues. The agenda included updates on ECO2t measure delivery and local authority flexible eligibility and the future ECO scheme.

[See the slides](#)

### [BEIS' ECO monthly statistical release](#)

The Department for Business, Energy and Industrial Strategy (BEIS) has published their latest monthly [ECO statistics](#).

Their statistics show that since the start of the scheme, 12,446 cavity wall insulation measures have been delivered.

## About ECO

The Energy Company Obligation (ECO) is a government scheme that aims to reduce carbon dioxide emissions from domestic energy use and tackle fuel poverty.

ECO places a legal obligation on larger energy suppliers to deliver energy efficiency measures to domestic energy users in Britain. The scheme began in 2013, and the overall obligation period for the second phase of ECO runs from 1 April 2015 to 30 September 2018.

Ofgem is the administrator of ECO while the Department for Business, Energy and Industrial Strategy (BEIS) is responsible for the policy.
