

4. Please provide photographs of your biogas production plant and any ancillary equipment (e.g. pasteurisation tanks, feed equipment etc.)
  
  
  
  
  
  
  
  
  
  
5. Please enclose commissioning documentation for the following (all documentation must be named, dated and signed):
  - Grid entry unit
  - Biogas upgrade equipment
  
  
  
  
  
  
  
  
  
  
6. Please provide evidence that biogas has been produced, upgraded and injected. Evidence should include where applicable:
  - Dated photographic evidence of biogas and biomethane flow meters (a set of readings over time)
  - Evidence of operation of feedstock loading or feeding feedstock
  - Evidence of the source of the biogas first injected if produced by another party
