Dear Heather

Preparing for EU Exit: statutory consultation on consequential licence modifications in the event the UK leaves the EU without a deal

Thank you for the opportunity to comment on the above statutory consultation, dated 14 January 2019. This response should be regarded as a consolidated response on behalf of UK Power Networks' affected distribution licence holding companies: Eastern Power Networks plc; London Power Networks plc; and South Eastern Power Networks plc.

We have reviewed and are comfortable with the modifications and understand that the modifications are only to prepare for the eventuality of the exit of the UK from the EU without a deal.

Please note however, we have identified that SLC 13.3 contains a reference to the European Commission but does not appear as an amendment in the Annex document of this statutory consultation. We would be grateful if Ofgem could confirm if this requires amendment.

Please treat our response as non-confidential.

If you have any queries on our response please contact David Pang in the first instance.

Yours sincerely

Basil Scarsella
Chief Executive Officer
