Dear Heather

Re: Statutory consultation on consequential licence modifications in the event the UK leaves the EU without a deal

We have reviewed and taken note of Ofgem's consultation on proposed modifications to our gas transporter licence. We understand that the intention is to make purely technical changes to the relevant licences in the event that the UK leaves the EU without a withdrawal agreement, and that no substantive change is intended to Ofgem's policies or to the obligations on licensees.

On this basis we have no objection to the proposed modifications.

Yours sincerely,

Steve Edwards
Director of Regulation
Wales & West Utilities
