Dear Colleague,

Correction to Offshore Transmission Owner Regulatory Instructions and Guidance for Tender Round 4 Licensees - amendments to the Offshore transmission reporting pack (TR4)

On 09 May 2019 we published our regulatory instructions and guidance (RIGs) for TR4 projects.

An error has since been identified in the RIGs spreadsheets; a version of the RIGs spreadsheets used for testing following consultation was published instead of the correct version of the spreadsheets, on which we consulted.

For clarity, the formula in Sheet '4a' Cell D11 has been amended to reflect the correct formula used in previous versions of the RIGs as well as the TR4 RIGs we invited feedback on.

Sheet '4a' Cell D11 has been corrected as follows:

Incorrect cell input:	=MONTH('1'!G58)
Correct cell input:	1

Due to this administrative error, we have replaced the **Offshore transmission reporting pack (TR4)** with the correct version. The workbook published below is therefore the correct copy of the workbook.

We have updated the 'Log' sheet in the workbook to identify this as the second version of the workbook since publication.

If you have any questions regarding the contents of this letter, please do not hesitate to contact Ilona Groenewald at ilona.groenewald@ofgem.gov.uk.

Yours faithfully,

Ilona Groenewald
Senior Manager, Systems & Networks
